JANUARY 1, 1903.

We have examined the accounts of J. H. Stetson, Treasurer of the High School Building Sinking Fund Account and the Elias S. Beals Park Fund Account, and have found them correct.

GEORGE E. REED,

CHARLES H. WILLOBY,

CHARLES A. LOUD,

Auditors.

AUDITOR'S REPORT.

The Auditors of the Town of Weymouth for the year 1903 report that they have examined the books and accounts of the
 Treasurer of the Town of Weymouth,
 Treasurer of the Water Commissioners,
 Treasurer of the Water Loan and Sinking Fund Commissioners,
 Treasurer of the High School Building Sinking Fund Commissioners,
 Treasurer of the Beals Park Fund,
 Treasurer of the Tufts Library Fund,
 and find proper vouchers filed for all payments made.

In our examination of the cash book of the Town Treasurer and the register kept by the Town Accountant we find the two in perfect agreement as to amount of orders paid during the year, and also as to balance of orders unpaid Jan. 1, 1904.

Balance of 1902 orders unpaid Jan. 1, 1903	\$8,351 04
Amount of orders drawn for the year ending Dec. 31, 1903	\$306,888 67
	<u>\$315,239 71</u>
Amount of orders paid by the Town Treasurer for the year ending Dec. 31, 1903	\$304,461 72
Balance orders unpaid Jan. 1, 1904	10,777 99
	<u>\$315,239 71</u>

TAX COLLECTOR.

We have examined the books of the Tax Collector, beginning with the year 1901, and submit the following statement:—

There are no unpaid taxes prior to the year 1901.

Tax levy of the year 1901, as per	
Assessor's commitment	\$142,791 74
Interest collected to Jan. 1, 1904	2,174 36
	<u>\$144,966 10</u>
Total collections and abatements to Jan. 1, 1904	\$144,789 59
\$176 51 Balance due Jan. 1, 1904	\$176 51

NOTE.—Tax Collector's books show total levy of \$142,792.01 for year 1901.

	Tax levy of 1902, as per Assessors' commitment	\$150,481 47
	Interest collected to Jan. 1, 1904	904 20
		<hr/>
		\$151,385 67
	Total collections and abatements to Jan. 1, 1904	\$138,493 37
		<hr/>
\$12,892 30	Balance due Jan. 1, 1904	\$12,892 30
	Tax levy of 1903, as per Assessors' commitment	\$163,858 59
	Interest collected to Jan. 1, 1904	78 53
		<hr/>
		\$163,937 12
	Total collections and abatements to Jan. 1, 1904	\$121,028 73
		<hr/>
\$42,908 39	Balance due Jan. 1, 1904	\$42,908 39
		<hr/>
\$55,977 20	Total amount due Jan. 1, 1904, account taxes.	

NOTE.—Tax Collectors' books show total levy of \$163,858.86 for year 1903.

TOWN DEBT.

The total debt Jan. 1, 1903, was	\$160,000 00
Borrowed during the year in anticipation of taxes,	140,000 00
	<hr/>
	\$300,000 00

The payments were the amounts:

Borrowed in anticipation of taxes, \$115,000 00	
Town Debt,	5,500 00
	<hr/>
	\$120,500 00
	<hr/>
Total debt Jan. 1, 1904	\$179,500 00
Less High School Building Sinking Fund	30,349 47
	<hr/>
Net debt, not including water bonds	\$149,150 53
	<hr/>

LIMIT OF INDEBTEDNESS.

The following statement shows amount the Town of Weymouth can borrow in addition to its present debt under existing statutes governing municipal indebtedness:—

Valuation for assessment of taxes, 1903	\$6,897,202 00
	<hr/>

Gross debt (Pub. Stat., chap. 27, sec. 4), 3%	\$206,916 06
Present debt	\$149,150 53
Less notes given in anticipation of taxes	60,000 00
Net debt for this calculation	\$ 89,150 53
Available margin between the present debt and the 3% statutory limit	\$117,765 53

ASSETS AND LIABILITIES JANUARY 1, 1904.

ASSETS.

Real Estate—School Houses, Public Library and other public buildings and grounds	\$264,100 00
Water Works	493,237 46
Personal Property—Fire apparatus and equipment of all town departments, etc.	36,911 16
Trust Funds	3,500 00
Sinking Funds—Water Works	178,000 31

Respectfully submitted,

GEORGE E. REED,
CHARLES H. WILLOBY,
CHARLES A. LOUD,

Auditors.

REPORT OF THE SELECTMEN.

The Selectmen of Weymouth submit herewith their annual report, together with the Accountant's statement in detail of the expenditures under the several appropriations for the year ending December 31, 1903.

HIGHWAYS.

No recommendation was made by the town in relation to continuing the plan adopted in 1902, of employing a Superintendent of Streets and Water in one man. The plan worked satisfactorily to this board and so far as we were informed, to the water board also; and apparently to the citizens of the town. This being the case, the same course was adopted for the year past and Ivers M. Low was again chosen by the joint action of the two boards.

This position calls for somewhat peculiar qualifications in the incumbent, if he is to get along without serious friction between the public on the one hand and the employees on the other, and at the same time to give reasonable satisfaction to two boards, who feel that they are ultimately responsible to the town for the wise expenditure of the appropriations intrusted to them. We consider that such qualifications are possessed in a good degree by our superintendent and that the work of the two boards has been as satisfactorily conducted as can reasonably be expected by one man.

If the economic side did not call for serious consideration the appointment of a superintendent for each department might be a more satisfactory method for some reasons, but with so much in common as there is in these two positions, and with the experience of the two past years to be guided by, we feel that it is a safe practise to continue.

Of the \$14,208.63 appropriated for highway repairs, there has been expended \$13,814.62; leaving \$394.01, which under ordinary conditions should take care of the department until the coming spring.

REMOVAL OF SNOW.

The call for expenditures under this appropriation have been well below the average of late years, and an unexpended balance of \$1882.09 remains. Judging by the experience of the past year this amount should suffice for the remainder of the financial year, but it is well known that no expenditure of the town can be so little foreseen as that for this purpose, and it may well be the case that twice the amount of this balance will be needed before the first of April.

WEYMOUTH AND QUINCY BRIDGE.

The new steel bridge over the Fore River has been completed and opened for public travel. The commission for assessing its cost upon the towns, cities and quasi public corporations benefited by it has not yet been appointed and probably will not be for some months. We are therefore unable to report the assessment which this town will be called upon to meet for its construction.

Upon the request of the city government of Quincy and this board, the county commissioners have petitioned the Massachusetts Highway Commission to accept this bridge as a part of the State Highway. A hearing has been held by the Commission at which the board was present, but nothing definite is yet known as to the outcome of the petition.

STREET RAILWAYS.

The work of removing the ledge upon Pleasant street opposite the house of John Hanley, Jr., has been completed as per vote of the town and an order of relocation issued to the Old Colony Street Railway Company, by which their track will be moved at this point eight feet nearer the westerly bound of the road, making the width available for general travel that amount greater.

The grant of location issued in 1902 to the Holbrook, Weymouth and Nantasket Street Railway Company upon Randolph and Hollis streets has not been built, and we see no probability that it will be constructed by that company.

STREET NUMBERING.

The town at the last annual meeting having appropriated \$700 for the purpose of street numbering in view of the fact that free

delivery of the mails was to be instituted, the board contracted with James S. Mason & Co. of Somerville to measure all streets and to number all houses upon them for \$600. This work was accomplished in due time and will be of great benefit to the town, not only for the purpose for which it was inaugurated, but in other ways as well.

TOWN HOUSE.

We have had the roof of the Town House shingled, the interior whitewashed and painted and the floors cleansed with corrosive sublimate, and have no fears but that the annual meeting can be held there, in accordance with the vote of the town, with perfect safety to those attending.

This is now the only building in town which will accommodate anything like a full town meeting, and there is a strong feeling among many of our citizens that this has passed the days of its usefulness as a town hall, especially as its location is inconvenient of access by modern modes of travel.

The feeling exists that the time has arrived when the town should be taking action toward the erection of a modern building located at some place upon the line of the street railway, and it is probable that an article will appear in the warrant looking toward the starting of a movement in this direction.

SHADE TREES.

We have reason, as a town, to congratulate ourselves that the past year has been an unusually favorable one to our roadside shade trees. The vigorous measures adopted in 1902 worked the destruction of a large proportion of the elm leaf beetles, and a comparatively small amount of damage by them was noticed the past season. By the weather of the late spring and early summer being peculiarly adapted to the production of a strong and well-developed foliage, the trees were well able to resist the limited insect attacks made on them, and it was needful to resort to spraying but to a small extent.

Under these conditions we have been obliged to expend only about one-half the appropriation made for this purpose, leaving a balance of \$318.93. To many who today enjoy the benefit of these roadside shade trees, they are taken as a matter of course; but to those who remember the streets of the town as they were

fifty years ago it will be recalled that nearly all of our wealth in this direction is the product of the last half century and the result of the labor of those who have planted and tended them for our benefit. We would, therefore, urge that the same appropriation be made for this purpose as last year, as with the elm leaf beetle as a certainty, and the gypsy moth and brown-tail moth as always possible factors to be considered, we feel that the appropriation is none too large.

We have as yet done nothing under the provisions of the Tree Warden Act in the way of planting out new trees, but we recommend that a beginning be made next season upon such of our streets as are lacking in this respect.

FIRE DEPARTMENT.

It is the constant and praiseworthy effort of the engineers and firemen to maintain each year the equipment and efficiency of their department fully up to the standard of the past, if not a little in advance thereof, and we believe that the experience of the past year has been no exception to the rule.

POLICE.

It is due to our small police force to acknowledge that its efficiency has been maintained at the high standard of previous years. While something like a carnival of crime and lawlessness has reigned in Boston and its surrounding cities and towns during the past months, we have been exempt from any unusual display of criminal-conduct, a fact which we believe may be fairly attributed to the well-known vigilance and faithfulness of our police. The old adage that "An ounce of prevention is worth a pound of cure" is especially applicable in the preservation of order and the observance of law. The money which the town appropriates to this purpose we believe to be well expended, and we trust there will be no effort to decrease the amount the coming year.

INTEREST AND DISCOUNT.

By an oversight in making the estimate of the needs of this appropriation last year, the Athens Schoolhouse notes were not taken into consideration, and the amount asked for was \$1,000 less than it should have been, occasioning an overdraft of \$649.80.

BILLS PAYABLE.

One note of \$6,000 becomes payable May 1, 1904, for the payment of which it will be necessary to provide.

BOARD OF HEALTH.

The following is a summary of the cases of sickness from contagious diseases reported during the year:—

Diphtheria	65
Scarlet fever	19
Measles	13
Typhoid fever	6

The cases of scarlet fever have been scattered along through the year, January, July and December being the only months when no case was reported. The number, however, has been less than half that of 1902.

Diphtheria has been much more prevalent than the previous year, the months of March and April being the only ones when no case was reported. Of the sixty-five cases of this disease, twenty-two were in the month of October, a large proportion of which originated from the Washington School where the conditions became alarmingly near to an epidemic. The school was closed from September 30 to October 14 and under the advice of this board the School Committee had all the conditions remedied which were thought conducive to the spread of the disease. This included the destruction by fire of many books and much other school material, but resulted in this school-house ceasing to be a center of contagion. A few scattered cases have continued to be reported up to the date of this report.

DRAINAGE AT WEYMOUTH CENTER.

We are of the opinion that the appropriation by the town of \$1000, for the abatement of the nuisance of the low grounds at Weymouth Center was a wise expenditure of money. Complaints have been filed with the board for several years of the conditions existing at this point by reason of inadequate drainage. The whole meadow on the South side of Broad Street has now been

filled by Mr. Edwin Clapp, and under this appropriation we have laid a 15 inch drain pipe along the whole length of Mr. Clapp's frontage on this street and also across the street to take the drainage from the North side, and extended it to discharge into the ditch which is the only outlet for water from this section. It was necessary to fill over the tile drain to a sufficient depth to prevent freezing, and while doing this the working of the sidewalk to carry out the relocation of this section of Broad Street as accepted by the town at its last annual meeting was accomplished at the same time, so no appropriation will be asked for this purpose.

There is still complaint from residents upon this street that the whole course of the ditch as far as to a point in the rear of the almshouse sheds, upon Essex Street needs attention. We have no doubt that the widening and deepening of the ditch would be a benefit to the neighborhood, but it seems to us that aside from the bridge where the brook crosses Broad Street that this work should be performed by the owners of the land through which it passes.

If when this is done the bridge is not of sufficient capacity to effect satisfactory drainage above it, the town should make it so.

We recommend that the following amounts be appropriated for the ensuing year :

Highway repairs	\$10,000 00
Removal of snow	3,000 00
Hingham and Quincy bridges	600 00
Poor account	13,000 00
Soldiers' Relief	3,500 00
State Aid, etc.	8,750 00
Fire Department	-6,500 00
Police	4,500 00
Tufts Library	2,500 00
Fogg Library, reading room	500 00
Abatement and Remittance of Taxes	1,000 00
Interest and Discount	5,500 00
Printing and Advertising	1,000 00
Miscellaneous Expenses	2,500 00
Elections	700 00
Town Officers	7,200 00
Town Offices	700 00
Memorial Day	400 00
Public Health	500 00

Electric Lights	7,000 00
High School Sinking Fund	5,000 00
Hydrants and Fountains	5,000 00
Public Parks	50 00
Preservation of Shade Trees	500 00
Note due May 1, 1904	6,000 00
Overdrafts and Deficiencies :	
Athens School House	\$510 11
Hingham and Quincy Bridges	60 00
Abatement and Remittance of Taxes	44 42
Interest and Discount	1,000 00
Removal of Snow	2,500 00
	<hr/>
	\$4,114 53

The above estimates have been prepared with care, and we consider them the highest limit which should be made, as with the same amount expended for schools as last year, and the State and County taxes the same, this would give a tax rate in excess of \$21 on a thousand. The State tax is, however, liable to be materially increased by reason of the State assuming the cost of maintenance of the insane.

SUITS AT LAW.

One new action has been brought against the town during the year. It is by the town of Holbrook, and was entered in the Superior Court at Dedham the first Monday of November last. The action is of contract, to recover the sum of \$79, expended by Holbrook, under the laws for the relief of paupers, as aid to one Susan Tower, otherwise known as Susan Leech, whose legal settlement is alleged to be in Weymouth, but which fact is denied by the latter town.

The action of Quincy vs. Weymouth has been partially tried, but no decision yet entered.

The actions of Mary A. DeLorey, administratrix, and Joseph U. DeLorey against the town are still pending.

Another action in which the town may be indirectly interested was entered in the Superior Court on the first Monday in July last, by Robert M. White against the Board of Selectmen, individually. It is an action of tort, and the ad. dam. of the writ is \$5,000. The declaration alleges, in substance, that the Board of Selectmen, without right and without the plaintiff's

consent, took possession of a dwelling house belonging to the plaintiff, and occupied by the late George Ford as tenant, upon the occasion of the latter's fatal illness with smallpox, and used the same as a hospital, whereby the property was greatly depreciated in value. The action has not yet been reached for trial.

JURY LIST.

We hereby submit the following revision of the jury list for the action of the town at its coming annual meeting :—

NAME.	OCCUPATION.
Allen, Z. Merton	Salesman

Selectmen of Weymouth.

REPORT OF THE OVERSEERS OF THE POOR.

The Overseers of the Poor submit the following report of this department for the year 1903.

ALMSHOUSE.

William T. Brown and wife were again employed to take charge of the establishment as Superintendent and Matron, on the same terms as for the previous year, viz. :— The salary to be \$1,300, which includes compensation of all help employed indoors and out for the ordinary running of the house and farm.

The efficient character of the supervision of the previous years during which Mr. and Mrs. Brown have been with us has been fully maintained.

The condition of the house has been found at all times to be clean and orderly, the discipline good and the care of the inmates all that we could reasonably expect. Their control of the inmates, not all of whom are easily governed, is maintained as is necessary in an institution of this character, with firmness, and yet in a kindly way. The supplies are always ample and of a good quality. Work according to their several abilities is required of all inmates who are able to work, and it is the purpose to always have something on hand at which not only the inmates, but the tramps also who seek lodging and food may be employed. The number of inmates for the whole or portions of the year, not including boarders and those having no settlement in this town has been forty-four, of whom twenty-eight continue at the close of the year.

DEATHS.

The following have died at the house :—

Rosa Reidy, age 75, died September 16, 1903.

James Field, age 58, died October 13, 1903.

Jeremiah Haley, age 57, (State case) died March 9, 1903.

Daniel J. O'Connell, age 55, died August 24, 1903.

Michael Coughlin, age 55, (State case) died December 23, 1903.

The cost has been materially reduced from that of the previous year, showing by the accountants statement \$3,740.23; but these figures include the cost of an addition to the cow stable, amounting to \$311.32, which deducted from the above leaves \$3,428.91 as the cost of the town's poor in the Almshouse for the year, being a cost per week for each inmate of \$2.68.

It will be necessary to paint the outside of the house during the next year, and very desirable that a new floor should be laid in the corridor and in one of the basement rooms.

HOSPITALS.

As the maintenance of the insane poor comes upon the State after January 1, 1904, this item will not need to be considered in the appropriations hereafter.

POOR OUT OF HOUSE.

The whole number of individuals benefited by aid out of house, including those with a settlement here who have been aided elsewhere, is two hundred and seventy-one, in one hundred and fifty-five families of one or more. Of this number fifty-four individuals in thirty families of one or more had no settlement in Weymouth, and the expenditure on their account, amounting to \$1,603.34, is to be refunded by the towns of their settlement or by the State.

The cost of the town's poor out of the house has been \$7,674.47, a reduction in that of last year of \$2,346.53.

For an itemized statement of the expenditures of the department see statement of the Accountant.

TOWN PHYSICIANS.

The physicians appointed to attend the poor were: For Ward One and the Almshouse, William A. Drake; Ward Two, John C. Fraser; Ward Three, George D. Bullock; Ward Four, Karl H. Granger; Ward Five, Edwin N. Mayberry.

Overseers of the Poor of Weymouth.

REPORT OF SUPERINTENDENT OF STREETS.

To the Board of Selectmen :

GENTLEMEN :—I hereby submit my report for the year ending December 31, 1903 :

The different appropriations have been expended as wisely and economically as possible, the work being completed within the appropriations, and in most cases a balance has been returned to the treasury.

The work on the highways was of the nature of general repairs, all the streets receiving some attention. Taken as a whole, the streets are in good condition, but there are many needed improvements that could have been made if a larger appropriation had been available. The present appropriation is expended in many and various ways, some of which are but indirectly concerned in improving the surface of the streets. The cost of this general maintenance confines the work to repairs only and leaves nothing for new construction. Under these conditions, it is very difficult to show any decided improvement in our roads. There are certain of our main thoroughfares which have to sustain an increased amount of traffic each year. As soon as possible these streets should be rebuilt with a more permanent road-bed, as they are too expensive to maintain in their present condition. The policy of paving gutters and building surface drains should be pursued when possible, more street crossings and better sidewalks are among the improvements I would suggest.

STATE ROAD.

As the building of the road is a matter of considerable interest to the public, the following information may prove interesting :—

The proposed road begins at a point on Washington Street, near its junction with Broad Street, and extending in a southerly direction via Washington and Main Streets for about $1\frac{2}{3}$ miles, to a point nearly opposite the residence of Nathaniel Ells. The Wash-

ington Street section will be of macadam construction, varying in width from 15 to 20 feet, making a total of 3,800 feet, or nearly $\frac{3}{4}$ of a mile. The section of this road opposite the village cemetery will be drained by a 12 inch tile drain. The thickness of the road after rolling will be 6 inches in the center and 4 inches on the sides. The approximate number of tons of broken stone is 2,150. The section on Main Street will be constructed of gravel, which will be 6 inches thick after rolling. The bridge at Mill River is to be replaced by one made of cement concrete, the Highway Commissioners to furnish the cement and steel rods at the nearest railroad station. All angles in the road will be located by stone bounds, necessary drains, water courses, and fences will be placed where needed. The following are the approximate quantities of the work to be done:—

- 1,050 cubic yards of excavation, at \$.50.
- 870 cubic yards of borrow, at \$.50.
- 10 cubic yards of ledge, at \$2.00.
- 7 cubic yards Portland cement, concrete masonry, at \$8.00.
- 7,250 square yards shaping surface, broken stone, at \$.30.
- 2,150 tons broken stone, in place, at \$1.40.
- 1,456 feet of 12 inch vitrified clay pipe, at \$.70.
- 24 lineal feet 8 inch vitrified clay pipe, at \$.45.
- 36 lineal feet 12 inch water pipe, at \$1.75.
- 1,950 lineal feet fencing, used as guard rail, at \$.25.
- 35 stone bounds, to be delivered and set, at \$1.50.
- 4 catch basins, frames and grate furnished, at \$25.00.
- 2,100 cubic yards of gravel, at \$.85.
- Total amount of contract, \$7,781.50.

The first contract submitted to the town, some of the prices were unsatisfactory and at a hearing held the Commissioners granted an increase, which on the different items amounted to \$594. 50. These are very fair prices, and do not think the Town will lose any money on the work if intelligently handled. The varying local conditions and the different character of the work will require much study. To get the most economical results the labor must be selected from those who have not only the ability, but the willingness to do an honest day's work. If these requirements are complied with there is no reason why the Town cannot have $1\frac{3}{4}$ miles of road paid for, and maintained by the State, the

work being done by the citizens of the Town. On the other hand, when let out to a private contractor, the work is performed by the cheapest labor the contractor can procure, which may not be citizens of the town in which the work is done, and who have no interest in the welfare of the community. In order to build this road economically, a good outfit must be obtained, and the Town must expend some money for this purpose before the work commences, the estimated amount about \$2,000. The principal expenditures will be for stone crusher, bins, platform scales, tools, tool boxes and sundries including house for portable engine. This is a liberal estimate for a new modern up-to-date plant, which will do the work for this road, and after its completion, the Town will have a good plant for its own use, and be ready for the next section of road that the State contemplates building, a continuation of the present road to the Abington Line.

STONE CRUSHER.

The stone crusher erected in Ward 3 was put in operation early in the year and a short section of Washington street was resurfaced with the stone. The plant was given a good test, and I have no hesitancy in saying that I do not think it advisable to put it in complete repair.

PORTABLE ENGINE.

The portable engine purchased by the Town has proven itself satisfactory in every respect. It was used on the stone crusher for the steam drills while removing ledge on Pleasant street and furnished power for filling silo at the Almshouse.

REMOVAL OF SNOW.

During the year there has been but one exceptionally heavy storm, which occurred February 16th. It was necessary to cart some of the snow away after the storm. The usual amount has been reserved for snow this year, and it is hoped that it will prove sufficient.

HIGHWAY APPROPRIATIONS.

The special Highway appropriations are as follows:

Holbrook Road.—The street was resurfaced with gravel and sidewalks built.

Summer Street.—This street received a good coat of gravel; in working road to its proper width had to remove a large quantity of heavy stones, which had been left there when water pipe was laid. Encountered some ledge, which required blasting.

Summit Street.—The entire length of this street was in such condition that no apparent improvement would have been noticeable if the money appropriated had been distributed over its entire surface. The money was therefore expended between Keith Street and Granite Street. Built catch-basin near residence of James Condrick and laid pipe across the road. Constructed sidewalk on south side between Keith and Granite Streets. In order to grade the street properly blasting was necessary before resurfacing with gravel. Considering the amount of money appropriated, a very creditable showing was made. The street needs improvements from the point where the work stops to Webb Street.

Pleasant Street.—The ledge on Pleasant Street was removed. Two steam drills were employed, steam being furnished by the portable boiler owned by the Town, work being completed in July.

WARD ONE.

All the streets received general attention, gutters and streets being cleaned when needed and such repairs made as deemed necessary. The most important were as follows:

North Street near Pearl Street, resurfaced with gravel.

Church Street from North Street to Commercial Street, graveled in places.

River Street where most needed, between Bridge Street and end.

Sea Street from North Street to Athens Street on easterly side.

Gravel or cinder sidewalks built on the following streets:

Lincoln Street, short piece near North Street; slight repairs on Athens and Pearl Streets; Neck Street, near Bridge Street; Lovell Street in sections; North Street from Sea Street to Robin's Hill, another section from Norton Street to Church Street; Sea Street resurfaced where needed; Bridge Street from Sea Street near residence of J. Holbrook; Church and Commercial Streets, from Old North Church to Ward 3 line, graveled under appropriation available from Tufts Fund. Rebuilt wall and re-

graded sidewalk near residence of David Ford. Paved gutter with cobble stones on Shaw Street. This will prevent the wash-outs to which the street has been liable. Also paved gutter on Sea Street, near Estate of E. S. Beals, widening the street at this point. The importance of paving gutters can hardly be over-estimated, a single wash-out being sometimes more expensive than their entire cost. Rebuilt catch basin between Pearl and Bridge Streets, furnishing new cover and frame. The road machine was used on the streets where it could be worked to an advantage.

WARD TWO.

The most important work in this ward is as follows :—

Broad Street.—Resurfaced different portions with gravel from Commercial Street to Ward 3 line.

Commercial Street.—From Cottage Street to Station Avenue, gravelled and rolled.

Madison Street.—Section gravelled nearly opposite Dizer's Shoe Shop.

Putnam Street.—From Broad Street to Chard Street.

Laurel Street.—Shaped with road machine and rolled with steam roller. This street should receive a good covering of gravel, as it is used very much by heavy teams, to avoid hill at Central Square.

The road machine was used on the following streets :—

Maple, Chard, Middle, Commercial, Hawthorne, Charles, Lake, Broad and High Streets. The above roads received other slight repairs.

Broad Street.—Paved gutter and raised curb from point opposite the Postoffice to Shawmut Street on the southerly side, and from the catch basin on north side to the store of W. P. Denbroeder; also paved a portion of Shawmut Street, near Washburn Street.

These sections of the above streets have always washed badly during heavy rains, which I believe the paving has remedied.

Sidewalks have been built and repaired as follows :—

Broad Street.—From Middle Street to Ward Two line.

Putnam Street.—From Broad Street to Chard Street.

Lafayette Avenue.—Short section.

Madison Street.—Entire length.

Commercial Street.—From Commercial Square to Reed's Crossing.

Pleasant Street.—From Water Street to point opposite Daniel Reidy's.

Water Street.—From Pleasant Street to School Street.

Broad Street.—New sidewalk built on street widening taken from land owned by Edwin Clapp, and catch basin constructed.

Lake Street.—In very poor condition and needs a general rebuilding. Some special appropriation should be made for this street, as the repairs are too extensive to be paid out of the regular appropriation.

WARD THREE.

The drains and gutters have received careful attention. The road machine was used on the streets where possible. The principal repairs were as follows:—

Washington Street.—This road was resurfaced between Richmond and Broad Streets with crushed stone; relaid gutter on east side from Prospect Street to Richmond Street, as recommended in last year's report. East of Main Street across what is known as Sunken Hole, excavated to a depth of 10 inches; filled with large stone and covered with gravel. Neglected portion of street between Main and Broad Streets, as it is to be rebuilt the coming year as a State highway.

Commercial Street.—Regraded and rolled from Webb Street to Ward 1 line.

The following sidewalks were repaired:

Granite Street south of Prospect Street.

Prospect Street from Washington Street to Granite Street.

Commercial Street from railroad station to railroad crossing near Webb Street.

Front Street opposite Village Cemetery.

It is to be hoped that after the State completes the section on Washington Street that this road may be continued to the Brain-tree line, making a great and needed improvement on Academy Hill.

Broad Street from Washington Street to Phillips Street should be resurfaced with crushed stone.

WARD FOUR.

The principal work was done on Pleasant Street, which was resurfaced where most needed, the heaviest work being done near Park avenue; also constructed cinder sidewalks from Ward 2 line to Washington Street.

Washington Street, used road machine from Middle Street to Ward 3 line.

Built cinder walks from Pleasant Street to residence of H. D. Tisdale.

Summer Street between West street and Ward 3 line there were a number of ledges which impeded and made travel dangerous. Removed by blasting and patched with gravel.

Mill Street.—Repaired sidewalks.

Main Street.—As it is expected that this road will be accepted as a State highway, have made as few repairs as possible. The sidewalks also need resurfacing, but as the stone crusher will furnish superior material, thought it wise to wait until stone dust was available.

Middle Street.—Removed stones laid bare by travel, patched with gravel.

WARD FIVE.

The work has been distributed over the different streets in the ward. I will not attempt to enumerate all the little jobs. The streets, gutters and drains were carefully cleaned from time to time. Used the road machine where possible. This ward is handicapped by having to haul its gravel so far, there being no suitable material in the ward, all coming from gravel pits near Nash's Corner, Ward 4.

The principal work was as follows:—

Pleasant and Pond Streets from Columbian Square to South Weymouth Railroad Station resurfaced with gravel and thoroughly rolled. These streets are subjected to the heaviest travel in the ward.

Union Street.—Scraped with road machine and gravelled where most needed from Bates Avenue to Rockland line. This street is a very important thoroughfare and it should be rebuilt in a thorough manner from Bates Avenue to Rockland. The sub-soil on this street is of such a nature, that it holds the water during the wet weather. With a portable stone crusher, suitable stone

would no doubt be found near this street, saving the excessive haul of gravel as at present.

Columbian Street.—From Pleasant Street to Main Street.

Pleasant Street.—From Park Street to Park Avenue, and Bates Avenue are among the streets which will require attention soon.

FENCES AND RAILINGS.

Built and repaired the rails on the following streets:—

Broad Street	500 feet
Commercial Street	94 feet
Washington Street	100 feet

The following is a schedule of property in charge of the department:—

AT ALMSHOUSE ON ESSEX STREET.

- 1 steam roller (good condition).
- 1 steam roller wheel (extra).
- 1 Studebaker street sprinkler (good condition).
- 1 Champion road machine.
- 1 portable engine and boiler.
- 5 gallons engine oil.
- $\frac{1}{2}$ pound Dixon's graphite.
- 2 $\frac{1}{2}$ -inch Globe valves.
- 1 $\frac{1}{2}$ -inch check valve.
- 2 fusible plugs.
- 1 18-inch monkey wrench.
- 1 18-inch Stilson wrench.
- 1 shovel.
- 1 rake.
- 1 hoe.
- 1 lantern.
- 1 6-foot revolving screen for stone crusher (new).
- Stone crusher and bin on Washington Street.
- Stone crusher in poor condition.
- Bin for crushed stone on East Street.

The foremen in the different wards have the following property in their possession:—

WARD ONE.

- 4 snow plows, 1 gutter plow, 5 shovels, 4 lanterns, 7 picks, 11 handles, 1 stone hammer, 4 screens, 2 grub hoes, 2 stone forks, 1 hand hammer, 1 rake.

WARD TWO.

Seven snow plows, 1 gutter plow, 1 road plow, 1 hoe, 4 stone forks, 3 picks, 3 handles, 5 screens, 2 grub hoes, 1 tree trimmer, 8 shovels, 2 rakes, 3 lanterns.

WARD THREE.

Six snow plows, 1 gutter plow, 2 screens, 2 stone hammers, 1 paving rammer, 1 stone fork, 2 crow bars, 1 grub hoe, 6 picks, 4 pick handles, 1 street broom, 6 wheelbarrows, 6 shovels, 2 post-hole scoops, 2 hoes, 50 feet 3-4 hose, 800 feet hard-pine lumber.

WARD FOUR.

Five snow plows, 3 screens, 5 picks, 4 handles, 3 lanterns, 10 feet 12-inch drain pipe, 1 shovel, 1 crow bar.

WARD FIVE.

Five snow plows, 1 gutter plow, 4 gravel screens, 2 post-hole scoops, 4 stone forks, 2 hoes, 2 grub hoes, 3 picks, 3 handles.

At the close, I desire to thank the Board of Selectmen for their kindness and ready co-operation; also the employees for their advice, assistance and zeal in serving the interests of the Town.

Respectfully submitted,

IVERS M. LOW,
Superintendent.

OLD HOME WEEK, JULY 26—AUGUST 1, 1903.

At the suggestion of the Editor of the East Weymouth Transcript, an article was inserted in the warrant for the annual meeting held in March, 1903, which resulted in an appropriation of two hundred dollars, to be expended under the direction of the Weymouth Historical Society, in the observance by the town, of Old Home Week.

The society accepted the trust imposed upon it with diffidence, but with a determination to do its utmost to make the week a memorable one. A committee of its membership, consisting of Walter L. Bates, Martin E. Hawes, John J. Loud, Herbert A. Newton and Henry B. Reed, representing the different villages of the town, was chosen to attend to the details of the celebration.

The committee had no precedents to follow and the experiences of no previous celebration of the kind, in Weymouth, to tell them what to attempt, or what to avoid, in their efforts to make enjoyable this first "welcome home" of our honored town to her absent children. It seemed to them that an inspiring public gathering, at some central place accessible to all our citizens, with popular addresses, singing by the children of the public schools and a concert by a military band, would be most appropriate for an official program, and a celebration of this character held upon the grounds of the Weymouth High School, on the afternoon of Wednesday, July 29, was largely attended.

But it was very early made clear to the committee that a town composed of so many detached villages could not conveniently make one public meeting answer for all, and they believed that the several villages, the churches and patriotic and social organizations could be depended upon, if the idea was wisely presented to them, to carry out, each in its own way, the social and kindly suggestions inherent in the idea of Old Home Week. They therefore issued calls for special meetings in each precinct, and the public-spirited residents of each locality eventually organized themselves, appointed their own committees, solicited subscrip-

tions and in friendly emulation strove to outdo each other in the appropriateness, extent and popular features of their programs.

If we enumerate the crowded audiences at the Old North and Baptist churches upon the afternoon and evening of Sunday, July 26, the popular gatherings at East Weymouth on Monday, at North Weymouth on Tuesday, at Weymouth on Thursday, at South Weymouth on Saturday, and the celebration of the Fiftieth Anniversary of the Weymouth High School with the Reunion of its Alumni on Friday, we have simply named the more conspicuous features of the week. Hundreds of former residents came back, as invited guests, to the scenes of their childhood, for one or another of these occasions, and many a heart was made glad by the presence of friends long absent and sadly missed.

It may be justly claimed therefore that the town's appropriation of two hundred dollars, of which there remains an unexpended balance, resulted, directly and indirectly, in a continuous succession of festivities, lasting the entire week, at an expense, to private contributors of about one thousand dollars in money and of many times that amount in the unselfish labors of public-spirited citizens.

The local press was generous in giving its columns in advance to every helpful suggestion and in reporting faithfully all that was done, while the great Boston dailies outdid themselves in the attention they paid to the occurrences of the week at Weymouth. To the files of any of these papers reference can be had for the thousand details which cannot be itemized here. To mention any of these as especially deserving to be remembered would be to do injustice to many others.

THE WEYMOUTH HISTORICAL SOCIETY,

JOHN J. LOUD, *President.*

REV. WILLIAM HYDE, *Secretary.*

REPORT OF COMMITTEE FOR REPAIRS ON STEAMER 1.

By vote of the town to make repairs on Steamer 1, the committee have attended to their duty and have put the same in first-class condition in regard to both efficiency and capacity. The town appropriated \$1,500, of which we expended \$1,493.57, leaving a balance of \$6.43.

Yours respectfully,
 J. R. WALSH,
 F. H. HALL,
 J. O. HOLLIS, *Secretary*.

January 8, 1904.

REPORT OF INSPECTOR OF ANIMALS.

I have visited places where cattle are kept twice this year on account of the prevalence of foot-and-mouth disease, and we found no cases of that disease in town. Have found five cases of tuberculosis and three cases of glanders in horses. There were in town December 1st, 713 head of cattle, young stock included, which I considered in fairly good condition then.

Yours respectfully,
 J. WILBUR LOUD.

East Weymouth, February 1, 1904.

REPORT OF THE COMMISSIONERS OF THE HIGH SCHOOL SINKING FUND.

The Commissioners of the High School Sinking Fund respectfully submit the following report :

The Board was organized for the year by choice of Augustus J. Richards as Chairman and Gustavus M. Pratt as Clerk.

The balance to the credit of this fund January 1, 1903, was \$19,566.70.

We have received from the Town this year \$5,000, the appropriation of 1902 ; also \$5,000, the appropriation for 1903. These amounts, with \$782.77 interest received on fund already invested, has been invested, as per report of the Treasurer found elsewhere in this report, making the total amount of this fund to January 1, 1904, \$30,349.47.

AUGUSTUS J. RICHARDS,
GUSTAVUS M. PRATT,
FRANK H. TORREY.

REPORT OF INSPECTOR OF LICENSED SLAUGHTER HOUSES.

To the Hon. Board of Selectmen of the Town of Weymouth.

GENTLEMEN :—I herewith submit my report for the year ending December 31, 1903.

I have visited all houses having licenses as often as required and have inspected every animal killed. The houses are all kept clean and free from odor of any kind.

Everything is disposed of in the best possible manner and all have conformed strictly to the law and their license.

NUMBER INSPECTED :—

Swine, 461.

Calves, 86.

Cattle, 24.

Respectfully submitted,

GEORGE B. BAYLEY,

Inspector.

ASSESSOR'S REPORT.

The undersigned, Assessors of the town of Weymouth, herewith present a statement of their work for the year ending December 31, 1903. We have assessed upon the polls and estates of all persons and corporations liable to taxation in the town the sum of \$163,858.63, and have committed the same to Willard J. Dunbar, Esq., the duly elected Collector of Taxes, with our warrant in due form of law for collection and payment, in accordance with the vote of the town, viz. :

Town grant	\$144,238 00
State tax	5,825 00
County tax	5,277 29
Non-resident bank tax	1,827 87
Street railway tax	2,767 56
State highway tax	95 89
Metropolitan Park tax	3,083 93
Overlayings	595 62
Supplementary Commitment	147 43
								\$163,858 59
Town grant, 1903	\$144,238
Town grant, 1902	127,250
								\$16,988—13 $\frac{3}{10}$ %
Increase	
Tax rate, 1903, on \$1,000	22 10
Tax rate, 1902, on \$1,000	20 50
								\$1 60—7 $\frac{8}{10}$ %
Increase

In accordance with a vote of the town, we have prepared, and caused to be published, the valuation of the real and personal estate.

Respectfully submitted,
FRANCIS H. COWING,
GILMAN B. LOUD,
JOHN W. BATES,
GEORGE C. TORREY,
GEORGE L. NEWTON,
Assessors.

REPORT OF THE ENGINEERS OF THE FIRE DEPT.

To the Honorable Board of Selectmen:

GENTLEMEN:—I respectfully submit my report of the Fire Department.

The Board of Engineers was organized April 27, 1903, with choice of G. M. Pratt, Chief; W. O. Collyer, Clerk; other members are J. R. Walsh, D. W. Hart, and W. W. Pratt.

There are in the Department 166 men, and the apparatus consists of seven hose wagons, four hook and ladder trucks, two steamers and one chemical.

There have been many improvements in and around the houses; a small addition was made to Ward One house, so as to allow the use of harnesses given them by the people in that ward.

The front of the house in Ward Three was changed, making three doors, an improvement in looks as well as convenience.

The old wooden platform was removed from the house in Ward Five and the incline paved, making a safe and permanent job.

The house in Ward Four (Nash's Corner) has been painted this year. The houses are now in good condition and only need usual repairs, painting, etc.

Hose Wagon No. 7 has been painted the past year. Steamer No. 1 has been repaired. This was done by a special committee and was turned over to the department in first-class shape. The department suffered no inconvenience during repairs, as the committee furnished a steamer to take its place.

The apparatus is now, with the exception of Steamer 2, in good condition, and usual repairs and some new hose is all that is needed.

The steamer in Ward Two is in very bad condition and is liable to be out of commission at any time. I think it should be repaired at once, and not wait until it is used up, as we are taking chances of injuring some one badly and perhaps killing them.

I wish to call your attention to the matter of horses for the department. While some of the wards are fairly well supplied, the service is not what it should be. In Ward Two the horses are a long way from the house, but the service rendered by the two parties who furnish them is first-class work, considering the distance. There is a system in use in many towns of having the horses in the fire department used for other purposes, on town roads, watering carts, etc. This is a matter that should be looked up with a view of improving the department in this direction.

I would suggest that the matter be brought up at the annual meeting.

ALARMS.

- Ward One, seven.
- Ward Two, fourteen.
- Ward Three, five.
- Ward Four, two.
- Ward Five, eight.

Nine of these were for grass and woods, four false, one for trial, three still. There were two general alarms this year.

Value of property at risk \$73,850.

Value of property destroyed \$42,043.

I recommend the following appropriations :—

Salaries of firemen, engineers, stewards and super-	
intendent of fire alarm	\$2,540 00
Poll taxes of firemen refunded	340 00
Engine house supplies	1,200 00
Hose	500 00
Repairs of houses	200 00
Fire alarm	700 00
Payment of men and horses at fires	1,200 00
Repairs of Steamer No. 2	800 00
	<hr/>
	\$7,480 00

Respectfully yours,

G. M. PRATT, *Chief.*

To the Board of Fire Engineers :

GENTLEMEN :—Thinking but a few of the citizens know how the Fire Alarm system has grown, I will state a few facts in regard to it.

It is about twelve years since the system was introduced, and in that time it has more than doubled. There were about twenty-two miles of wire, fifteen boxes, two bell strikers, two whistle machines and five tappers, and these [all connected in one circuit with seventy-five cells of gravity battery furnishing the power to work the system.

New boxes have been added each year and the line extended, so that at the present time there are thirty-eight boxes, over forty miles of wire, six gongs and eight tappers besides the whistle machines and bell strikers.

A five-circuit repeater and protector-board have been added and the line divided into four circuits. As each mile of wire and set of magnets add resistance, more battery has been added. One hundred and sixty-five are now required to do the work.

The line is in good repair and has given very little trouble.

The line has been extended from the pumping station to the corner of Randolph and Forest Streets, and Box 61 has been located there.

Placing a telephone in my house makes it very convenient and saves lots of time in notifying me in case of trouble.

Respectfully yours,

H. L. HUMPHREY,

Superintendent.

REPORT OF THE LIGHTING COMMITTEE.

WEYMOUTH, January 1, 1904.

The Lighting Committee respectfully submit the following report:—

At the Annual Town Meeting held March 3, 1903, it was

Voted, To raise and appropriate the sum of \$7,000 for electric lighting, to be expended under the direction of the following committee: Frank H. Mason, chairman; George W. Baker, Matthew O'Dowd, A. Francis Barnes and W. J. Coleman. Your committee made a contract with the Weymouth Light and Power Co. to light the streets by electricity on a basis of 33 arc lights and 277 incandescent lights for the sum of \$583.34 per month, less rebates for poor lights and lights not burning.

It was found that there was in use in the town 282 incandescent lights and 33 arc lights.

The Light and Power Co. agreed to accept the rebate for the year for the extra five lights, and further agreed that if the rebates were not sufficient to pay for the same, which is \$85, that they would not make any charge to the town over and above the amount of the rebate.

We have received several requests for additional lights, but could not grant them, as we had no appropriation at our disposal for that purpose.

We would recommend that the town put in a few of these lights, the same to be put in under the direction of the Lighting Committee.

While we have had complaints for lights out, we have always tried to see that the light was seen to at once. We have also had complaints from parties, of boys breaking the globes with shot guns and have known where the electric lights were replaced that they would be broken the next day. We have notified the company of the fact and it will be attended to.

In the following resolutions we express our sympathy for the loss of our Chairman, Frank H. Mason.

WHEREAS, It has pleased our Heavenly Father to remove Frank H. Mason from our midst, therefore be it

RESOLVED, That the citizens of Weymouth have lost an ideal citizen and a faithful public servant, who was stricken down in the maturity of his powers.

RESOLVED, That this resolution be entered upon our records as a tribute of honor and respect.

The Weymouth Light and Power Company has greatly improved its street-lighting system by substituting all new arc lamps and fixtures of the latest up-to-date pattern.

The company has also put in the latest and most perfect controlling device for the system, which reduces to a minimum the liability of the Town being in darkness on stormy nights when the lights are most needed. During the short time that this system has been in operation the improvement has been marked, and the deductions made for lights "out" have been very few since the system has been in use.

The company has added to its power plant a new engine and electric generator of 250 horse power, and also two new condensers of the latest type, and is putting its whole equipment in first-class condition.

The Town of Weymouth can feel assured that it will have as efficient service as it is possible to give, and second to none.

We have approved bills for the following amounts:

Voucher No.	164, January	.	.	\$569 49
"	" 334, February	.	.	576 78

REPORT OF THE CHIEF OF POLICE.

To the Honorable Board of Selectmen of the Town of Weymouth :

GENTLEMEN :—I herewith submit the second annual report of the Police Department of the Town of Weymouth for the year ending Jan. 1, 1904 :

Total number of arrests, 217.

CLASSIFICATION OF CRIME.

CRIME AGAINST PUBLIC ORDER :

Drunkenness, 106.

Disturbing the peace, 16.

Keeping intoxicating liquors with intent to sell, 8.

Vagrancy, 4.

Tramps, 1.

Insane, 7.

Trespass, 1.

Violation of town by-laws, 2.

Keeping an unlicensed dog, 1.

Refusing to work in the almshouse, 1.

Illegal sale of renovated butter, 1.

CRIMES AGAINST PERSONS :

Assault, 15.

Bastardy, 1.

Non-support, 1.

Neglect of children, 8.

Idle and disorderly, 1.

Assault with a dangerous weapon, 1.

Dipsomania, 1.

Threatening assault, 4.

Epileptic, 2.

CRIMES AGAINST PROPERTY :

Larceny, 16.

Breaking and entering, 2.
 Setting fires, 1.
 Conveying leased property, nol prossed, 1.
 Maliciously marring town building, 1.

DISPOSITION OF CASES.

DRUNKENNESS :

Paid fine of \$3 each, 51.
 Paid fine of \$5 each, 3.
 Paid fine of \$10, 1.
 Sent to House of Correction, 17.
 Sent to State Farm, 9.
 Released, 8.
 Placed on file, 8.
 Discharged, 4.
 On probation, 2.
 Continued, 1.
 Defaulted, 1.
 Sureties to keep the peace, 1.
 Keeping and exposing intoxicating liquors, 8; paid fine of \$50 each in lower court, 7; fined \$50 and three months in House of Correction, Superior Court, 1.

DISTURBING THE PEACE :

Paid fine of \$8 each, 3.
 Paid fine of \$5 each, 2.
 Paid fine of \$3 each, 5.
 Paid fine of \$10 each, 2.
 Discharged, 4.

LARCENY :

Held for the grand jury, 4.
 Committed to the House of Correction for 1 month, 1.
 Fined \$15, committed to the House of Correction, 1.
 Committed to the House of Correction for 4 months, in Superior Court, 1.
 Committed to the House of Correction for 3 months, in Superior Court, 1.
 Discharged, 6.
 Guilty, on file, 2.
 Tramp, sentenced to State Farm, appealed, 1.

ASSAULTS :

With a dangerous weapon, paid fine of \$100, 1.
 Paid fine of \$10 each, 5.
 Fined \$25, appealed, 1.
 Committed to the House of Correction, 1.
 Discharged, 2.
 Not guilty, 1.
 On file, 4.

THREATENING ASSAULT :

Held in sureties to keep the peace, 2.
 Discharged, 2.

VIOLATION OF TOWN BY-LAWS :

Paid fine of \$2.00 each, 2.

BREAKING AND ENTERING :

On probation in Superior Court, 2.

NEGLECTED CHILDREN :

Committed to State Board of Charity, 2.
 Sentenced to State Board of Charity, (appealed) 3.
 Discharged, 3.

IDLE AND DISORDERLY :

Sent to State Industrial School, Lancaster, 1.

VAGRANCY :

Committed to State Farm, 2.
 On file, 1.
 Discharged, 1.

TRUANCY :

Placed on file, 1.
 Keeping an unlicensed dog, pleaded nolo contendere, paid costs, 1.
 Bastardy, child adopted, 1.
 Non-support, on file, 1.
 Illegal sale of renovated butter, on file, paid costs, 1.
 Trespass, continued, 1.
 Setting fires, placed on file, 1.
 Conveying leased property, nol prossed, 1.
 Maliciously marring town building, fined \$25, paid, 1.
 Refusing to work in Almshouse, sent to State Farm in Superior Court, 1.

Insane, sent to Taunton Insane Hospital, 5.
 Insane, sent to Westboro Hospital, 1.
 Insane, sent to Worcester Hospital, 1.
 Epileptic, sent to Manson Hospital, 2.
 Dipsomania, sent to Washingtonian Home, 1.
 Search warrants for intoxicating liquors, 36.
 Liquor seizures, 12.
 Search for stolen goods, 6.
 Search for gaming implements, 2.
 Sent to State Prison to serve maximum sentence of $2\frac{1}{2}$ years
 more, 1.
 Property recovered of value, \$175.
 Arrests for out of town officers, 10.
 Total amount of fines, \$801.

During the year there has not been any serious crime committed. There have been special men on duty in the several parts of the town which make the expenses more than usual. It is to be hoped that the public will not overlook the fact that the town is a difficult one to police, covering an area of 18 square miles and with a population of nearly 12,000. I think that with 5 regular men and specials to call upon that the department has done very well in regard to the law and order enforcement and that the town stands well in comparison with other towns. I feel justified in claiming that the police department is accomplishing all that can be reasonably expected of it under the circumstances.

Respectfully submitted,

THOMAS FITZGERALD,

Chief of Police.

REPORT OF THE TRUSTEES OF THE TUFTS LIBRARY.

The Board of Trustees respectfully submit their twenty-fifth annual report as follows:—

During the year 1903 the library was open for the delivery of books 304 days. 52,784 volumes were loaned for home use, a daily average of 174. The largest number of books loaned on any one day was 339 on February 4, and the smallest number 44 on September 1.

The circulation of books through the agencies was as follows:

Precinct 1, Bartlett's store	6,184
“ 1, Holden & Sladen's store	2,296
Precincts 2 and 6, Salisbury's store	7,915
“ “ “ Bates & Humphrey's store	1,962
Precinct 4, Pratt's store	1,105
“ 4, Nash's store	2,252
“ 5, Fogg Memorial Library	1,462
The High School	454
	<hr/>
	23,630

WORK WITH THE SCHOOLS.

Sixty-six teachers have borrowed 2,674 volumes on their special cards, but this indicates only a small part of the library's helpfulness to the scholars. Before the close of the summer term a graded list of books was sent to every school below the High School, with the request that the teachers should ask their pupils to read two, at least, of the books listed, during the vacation, with the expectation that the first language lesson of the fall term would be on “The Books I have Read During Vacation.” The result was very gratifying; such books as “Ragged Dick,” “Tattered Tom” and the “Optic Books” had more rest than usual, and better books were in constant demand.

In the spring Mr. Sherman, the Superintendent of Schools,

suggested that books be sent to those schools situated at so great a distance that the pupils received little benefit from the library. This seemed impossible at first without buying many books, but at length it was decided that enough suitable and interesting books from those not of recent date could be furnished to start the work. The School Committee provided the boxes and early in the present school year the work was begun. Twenty-five to thirty books each are now sent every two months to the Athens, Bicknell, Franklin, Jefferson, Pratt, Shaw and Washington schools.

The High School borrows books for study only, but the lower grades read good stories and juvenile works of travel, history, poetry, natural science and fine and useful arts.

CLASSIFICATION OF CIRCULATION.

Arts, .020 ; biography, .025 ; fiction, including juvenile, .711 ; history, .034 ; literature, .018 ; natural science, .017 ; poetry, .009 ; social science, .012 ; theology, .003 ; travels, .034 ; periodicals, .117.

The statistics of circulation show that, although 4,600 more books were loaned this year than the previous year, the per cent. of fiction decreased .027. The largest increase was in periodicals.

The demand for the current magazines is very great, and extra copies are subscribed for to supply this demand. All of the magazines may be borrowed excepting one copy of the current number, which is kept in the reading room. A list of the periodicals may be found in Appendix B.

REGISTRATION OF BORROWERS.

The total number of applicants to date is 4,711, 306 having registered during the year. Special non-fiction cards were given to 157 persons.

STUDENT'S CARD.

The Student's card is issued for a limited period to anyone needing a number of books for special study. A few were made use of during the year.

EXAMINATION OF THE BOOKS.

The annual examination of the books was made at the usual time and 9 books are still unaccounted for. 2 books reported lost last year have since been found. More than 3,500 volumes have been repaired and covered at the library, besides 224 volumes which were sent to the binders. 108 books too badly worn or too much soiled to circulate longer have been withdrawn.

ACCESSIONS.

There have been 696 volumes added during the year. 86 volumes replace worn out books and 167 volumes including public documents have been donated. The trustees are always glad to receive suggestions for purchase and comply with all requests as far as possible. There have been many books recommended during the year that have been added to the library. The demands of the various clubs have been met in most cases but to facilitate this work, lists of the books needed should be sent to the library as soon as the programs are prepared, as it is often difficult to procure special books.

The following are some of the valuable books added to the loan department in 1903 :

Abbott's Old paths and legends of New England (224.160), Andrews' United States in our own time (616.76), Bacon's Hudson River from ocean to source (224.187), Blok's History of the people of the Netherlands, 3v. (615.18), Borrow's Bible in Spain (226.91), Brandes' Main currents of 19th cent. literature, v.3 (117.36), Brooks' Social unrest (315.101), Delenbaugh's North Americans of yesterday (617.39), Dante's Divine comedy (124.14) and New life (124.15) tr. by Norton, Day's Nature in ornament (722.71), Fairbairn's Philosophy of the Christian religion (836.83), Fiske's Essays, historical and literary 2v. (120.55), Fleming's How to study Shakespeare, 3v. (820.40), Fromentin's Old masters of Belgium and Holland (722.97), Gilder's Bible for children (836.15), Hawthorne's Hawthorne and his circle (220.31), Kennan's Siberia and the exile system, 2v. (236.56), Lavignac's Musical education (721.202), Marvin's American merchant marine (317.120), Moore's Old china book (727.130), Morley's Cromwell (917.17), Murray's Letters of James Murray, loyalist (917.33), Nichols'

Through hidden Shensi (235.99), Norman's All the Russias (236.59), Schirmer's Album of sacred songs, 3v. (721.237), Taft's History of American sculpture (727.161), Trevelyan's American Revolution, part 2 in 2 v. (617.93), and Wharton's Salons, colonial and republican (614.139).

INTER-LIBRARY LOANS.

The Inter-Library loan system, as in the preceding year, was a benefit to some students, and thanks are due the Boston Public Library for granting the use of its books to the library.

CATALOGS.

Class List No. 3, prepared during 1903, has been printed and is very helpful. There are now three class lists, cataloging the books to the date of issue. A bulletin should be printed each year until enough books have been added to form a supplement to the class lists. The bulletin for 1903 was not issued on account of the expense, but the trustees hope to print one the coming year. Part 2 of the Fiction list containing the titles of all books in this class should be published soon.

The card catalog, the only complete catalog possible, is kept up to date, but to make it a modern catalog, worthy of the library, it should be thoroughly revised and placed in a new case.

The accessions of the year have been listed in the Gazette, as usual.

READING AND REFERENCE ROOM.

A case for the periodicals has been placed in the Reading Room, on which the magazines are arranged alphabetically. During the coming year the books in this department should be classified and renumbered, so that one may easily find the needed book.

No record of statistics, of the help given or books used in the Reference Room is kept, but no department of the library is more important, and this branch of library work is constantly increasing.

The important books of reference added are The Encyclopædia Britannica Supplement, 11 v.; Hazell's Annual, Massachusetts Year book, and the Statesman's Year book for 1903; Larned's Literature of American history; March's Thesaurus Dictionary of

the English language; Phyfe's 5000 facts and fancies; and the Supplement to Poole's Index to Periodical literature, v5.

Although this room should be very quiet, it is to be regretted that some persons have thought it a good place in which to carry on long conversations with their friends, thus preventing others from using the room for its legitimate purpose. Every one in any way disturbed is requested to make complaint to the librarian.

ART EXHIBITIONS.

Ten exhibitions of photographs were held in the Reading Room. The subjects were Alaska, Elson Prints, Early Venice, Switzerland No. 2, China, English Country Houses, Harper's Black and White prints, and Yachts. During "Old Home Week", celebrated this year by the town for the first time, the library held an exhibition of paintings by artists of Weymouth and vicinity which was greatly appreciated by the residents and visitors.

Thursday, July 30, was appointed as special Library Day, and all day until nearly 9 o'clock in the evening the rooms were filled with people.

The exhibition was a great success and the thanks of all are due to the artists who so generously loaned their paintings. The names of the artists are as follows: Mrs. H. B. Bachelder, W. W. Churchill, Miss E. L. Clapp, Miss E. C. Colby, J. J. Enneking, Mrs. E. Sheppard Gallagher, Miss M. L. Gallagher, Dr. W. F. Hathaway, Mrs. H. H. B. Hobart, E. Aubrey Hunt, Mrs. Russell Lane, Mrs. C. A. Linton, Mrs. Charles W. Mellen, Mrs. S. S. Robinson, Rev. H. I. Senior, Mrs. K. Pierce Thayer, Mrs. M. W. Wellington.

GIFTS.

Books and pamphlets have been received from thirty different sources; the reports, bulletins or other publications from forty-seven libraries; the Weymouth Gazette, Weymouth Transcript and Woman's Journal, from the publishers, and The Musician from Mr. Gutterson. These gifts are appreciated, and the Trustees herewith thank the donors.

With deep sorrow the death of Frank H. Mason is here recorded. Chosen as Trustee of the Library by the town in March, 1892, he was prominent in its management and always took great interest in its welfare. For more than twelve years he was clerk and treasurer of the Board of Trustees and for more than four years a valuable member of the Book Committee. He believed in the library as an educational force in the town and was willing to devote time and energy to its growth and prosperity.

CHARLES P. HUNT,
By order and in behalf of the Trustees.

SPECIAL REPORT.

At a special meeting of the Trustees of the Tufts Library, April 11th, 1903, called to consider the leasing of the store occupied by James W. Rand to the United States Postoffice Department for a postoffice, a committee of three was appointed to investigate and report at an adjourned meeting, April 18th. The committee reported that the United States Postoffice Department would lease the store at a rental of \$450 per year, to include light, heat and water, and required the Trustees to fit up the store for a postoffice complete ready for occupancy subject to the approval of the Postoffice Department. It was voted to lease the store to the United States Postoffice Department, and a committee was chosen to carry out the same. After some discussion as to the manner of raising the money to fit up the store, Mr. Augustus J. Richards, President of the Board, offered to loan the amount required to furnish the store for a postoffice with interest at 6 per cent., and he to receive fifty dollars and interest on the same every quarter when the rent was paid, and at the end of the term of the lease, which is four and one-half years from July 1st, 1903, Mr. Richards would have received payment for money loaned and interest and the postoffice fittings would become the property of the Town of Weymouth, and the Town, or Tufts Library, would receive full benefit of the increased rental. The rent received before by the Library was two hundred dollars per year.

TRUSTEES TUFTS LIBRARY,
CHARLES P. HUNT, *Secretary.*

CHARLES P. HUNT,
Treasurer

TOWN CLERK'S REPORT.

*Births Recorded in the Town Clerk's Office, Weymouth, for the
Year 1903.*

Date of Birth.

January.

- 6. Walter Wesley Joyce.
- 8. Charles Alonzo Menchin.
- 8. Mary Villars.
- 10. Ada Burrell Pratt.
- 10. Francis Linwood Bearce.
- 15. Paul Vincent Coffey.
- 15. Leonora Granville Stone.
- 16. Norma Almena Cushing.
- 16. Stanislas Dealesandro.
- 18. Thomas Francis Gagan.
- 19. Lawrence Dunn.
- 23. Harold Anderson.
- 23. Annie Gannon.
- 25. Elizabeth Scott Elder.
- 25. Filomena Pizzi.
- 26. Helen Elizabeth Hackett.
- 27. ——— Welch, son of Michael S. and Margaret.
- 29. Agnes Gertrude Ryan.
- 29. Francis James Cullinan.

February.

- 1. Nicola Rocci.
- 1. Alice Marion Murphy.
- 3. Arthur Louie Ross.
- 6. John William Gouelay.
- 12. John Frederick Price.

Date of Birth, 1903.

February.

- 12. Arthur Lovitt Sherman.
- 13. Ruth Catherine Wing.
- 13. Ida May Field.
- 15. Horace Raymond Veno.
- 17. Dorothy Whitney Beals.
- 17. Bernice Ilene Clish.
- 18. Vera Loureen Hollis.
- 19. Mary Helen Dorey.
- 20. Giovanni Cicchese.
- 20. Ruth Elizabeth Healy.
- 20. Pasquale Ciercio.
- 28. Marianna Santacrose.

March.

- 3. Dorothy Marion McFawn.
- 9. Helen Francis Galvin.
- 11. Herbert Lorenzo Robinson.
- 14. Elliot Pierce Thayer.
- 17. Edward Thomas Horan.
- 21. Maria Anna Mariani.
- 22. Herbert Hamilton Bates.
- 26. George Edwin Draper. } Twins.
- 26. John Cahill Draper. }
- 27. Marion Stewart.

April.

- 1. Veronica Ruth Gorman.

Date of Birth, 1903.

April.

1. — Patch, son of Clark B. and Louisa Buzzo.
2. Leon Chessman Thomas.
2. George Henry Melville.
3. Hazel Frances Cunniff.
4. Mary Marcella Decosta.
4. Owen Carlton Damon.
4. — Freeburg, son of Joseph.
6. Ralf Oliva.
7. Francis Smith Huff.
10. Walter Leon Goodwin.
10. Ernesto Dalessandro.
11. Paul Rockwood Raymond Smith.
11. Allan Joseph Peron.
17. Assunta Cussitore.
12. Ralph Herbert Francis Spear.
17. Loraine Cushing Page.
19. Christina Mary Carter.
22. Marie Elizabeth Ryan.
22. Helen Mary Mahoney.
23. Gerhard Emil Anton Otto.
25. — Schofield, son of William and Nellie.
25. Fred Morton Raymond.
15. Antonio Dealessandro.
29. — Roberts, daughter of Henry, Jr., and Mary.
29. Chester Leon Shonk.
29. Lucia Giorgione.
30. Bernice Stiles.

May.

1. Mildred May Linscott.
4. Leslie Richard Pearson.
11. — Fullerton, daughter of Frank and Grace.

Date of Birth, 1903.

May.

12. Aubrey Leonard Barnes.
19. George Edward Earl.
19. Herbert Edwin Blenis.
21. Carlton Francis Daly.
24. Adolpho Dessiderio.
26. Alfred Edmond Lopez.
28. Annie Eablonsky.
28. Pietro Saleme.
29. — Anderson, daughter of Edward and Annie T.

June.

2. Elizabeth McCarthy.
3. Thomas Francis Ash.
5. Dorothy B. Pratt.
7. Alice Isabel Ralph.
10. Henry Warren Pratt.
11. Dorothy Evelyn Griffin.
14. Meredith Bailey Trufant.
16. Lillian Healey.
16. William Frederick Parker.
18. Frederico Dente.
19. Joseph Francis Davidson.
19. Effie Marion Poor.
25. Beatrice Mary DeYoung.
28. Lillian Frances McDonald.
29. Herbert Crawford.

July.

1. Helen Katherine Lonergan.
1. Arthur John Smith.
4. Frances Elizabeth Soule.
5. Margaret Curren Sullivan.
5. Geltrude Grande.
8. Sadie McNamara.
8. Harriet Lovern Staples.
9. Charles Dana Gibson.
9. Frederick Joseph Coyle.
10. William Dave DeYoung.

Date of Birth, 1903.

July.

WEYMOUTH, February 1, 1904.

WARRANT FOR A SPECIAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To the Constables of the Town of Weymouth, in said County.* GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the Odd Fellows Opera House in East Weymouth on Wednesday, the 14th day of January instant, at seven o'clock and forty-five minutes in the evening, then and there to act on the following articles, namely :

ARTICLE 1. To choose a Moderator.

ARTICLE 2. To see if the town will instruct its Board of Water Commissioners, in its name and behalf to petition the Legislature of this Commonwealth, to authorize the town to issue notes, bonds, or scrip, for the purposes mentioned in Section 4, Chapter 174, of the Acts of the year 1881, to an amount not exceeding fifty thousand (\$50,000) dollars, in addition to the amounts heretofore authorized for water loans.

ARTICLE 3. To see if the town will authorize the Trustees of Tufts Library, in its name and behalf, to execute and deliver a lease or leases of the stores in the Library Building for such rent and upon such conditions as said Trustees may deem expedient; except that the term for which any lease is given shall not extend beyond January 1, 1908.

And you are directed to serve this warrant by posting copies thereof, attested by you in writing, in two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk of said town, at or before the time of holding said meeting.

Given under our hands at Weymouth, this third day of January, in the year of our Lord nineteen hundred and three.

GEORGE L. NEWTON,
BRADFORD HAWES,
ROBERT McINTOSH,
EDWARD W. HUNT,
WALTER L. BATES,
Selectmen of Weymouth.

NORFOLK, SS.

WEYMOUTH, January 6, 1903.

By virtue of the within warrant, I have this day notified and warned the inhabitants of Weymouth aforesaid, qualified to vote in elections, to meet at the time and place, and for the purposes set forth in said warrant, by posting true and attested copies of the same in two and more public places in each voting precinct in said Weymouth.

ASA B. PRATT,
Constable of Weymouth.

SPECIAL TOWN MEETING.

Pursuant to the foregoing warrant, a legal meeting of the inhabitants of the Town of Weymouth qualified to vote in elections was held in Odd Fellows Opera House, East Weymouth, on Wednesday, January 14, 1903, at 7.45 o'clock, P. M., the meeting being called to order and the warrant read by the Town Clerk.

ARTICLE 1. Hon. Louis A. Cook was elected Moderator by ballot, the check-list being used in the election.

Voted, To lay Article 2 on the table.

ARTICLE 3. Voted, That the Town authorizes the Trustees of Tufts Library, in its name and behalf, to execute and deliver a lease or leases of the stores in the library building for such rent and upon such conditions as said trustees may deem expedient, except that the term for which any lease is given shall not extend beyond January 1, 1908.

Voted, To take Article 2 from the table.

ARTICLE 2. Voted, That the Board of Water Commissioners be hereby instructed to petition the Legislature of this Commonwealth to authorize the town to issue bonds, notes or scrip for the purposes mentioned in Section 4 of Chapter 174 of the Acts of

the year 1881 to an amount not exceeding \$50,000, in addition to the amount heretofore authorized for water loans. Yes, 22, No, 2.

Voted, That it is the sense of this meeting that our annual meeting be held in the evening.

Voted, To adjourn.

JOHN A. RAYMOND,
Town Clerk.

ANNUAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss. *To the Constables of the Town of Weymouth, in said County.* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the polling places in their respective voting precincts, to wit : In precincts numbered One, Three, Five, and Six, in the halls of the Fire Engine Houses located in those precincts respectively ; in precinct numbered Two, at Odd Fellows Opera House, and in precinct numbered Four, at the Hose House at Nash's Corner, on Monday, the second day of March next, at six o'clock in the forenoon, then and there to bring in to the Wardens of their several precincts, their votes on one ballot for the following named town officers, to wit :

Town Clerk, Town Treasurer, five Selectmen, five Overseers of the Poor, five Assessors, Collector of Taxes, three Auditors, two School Committee for three years, one Park Commissioner for three years, three Trustees of Tufts Library for three years, one Water Commissioner for three years, one Commissioner for the Sinking Fund of the High School Loan Bonds for three years, one Tree Warden for one year, and ten Constables, and also to vote on the same ballot, "Yes" or "No" upon the question "Shall licenses be granted for the sale of intoxicating liquors in this town" ?

The polls will be opened at six o'clock in the forenoon, and may be closed at one o'clock in the afternoon.

You are further required to notify and warn said inhabitants, qualified to vote as aforesaid, to meet at Odd Fellows Opera House, East Weymouth, on Monday the ninth day of March next, at 7 o'clock in the evening, then and there to act on the following articles, namely :

ARTICLE 1. To choose a Moderator for said meeting.

ART. 2. To choose all necessary town officers other than those elected by ballot, viz.: Public Weighers, Surveyors of Wood, Lumber and Bark, two or more Fence Viewers, two or more Field Drivers and one Pound Keeper.

ART. 3. To hear and act upon the report of the several boards of town officers, and of any committees appointed at any former meeting, and to choose any committees the town may think proper.

ART. 4. To see what sum of money the town will vote to raise and appropriate for the support of public schools.

ART. 5. To see what sum of money the town will vote to raise and appropriate for the transportation of pupils to and from school.

ART. 6. At the request of the School Committee, to see if the town will vote to raise and appropriate \$1,000 for the establishment of an evening school for the town, in Ward 2, as required under Sec. 11, Chap. 42, of the Revised Laws.

ART. 7. To see what sum of money the town will vote to raise and appropriate for the repair of highways, townways and bridges, and for the removal of snow.

ART. 8. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

ART. 9. To see what sum of money the town will vote to raise and appropriate for the relief of disabled soldiers and seamen, and the families of disabled soldiers and seamen, under Chap. 79 of the Revised Laws, Sections 18, 19.

ART. 10. To see what sum of money the town will vote to appropriate for the payment of State and Military Aid under the provisions of Chap. 79 of the Revised Laws, Sections 3-11, and for burials, as provided in Sections 20, 21, and to determine how much of the same shall be raised by taxation.

ART. 11. To see what sum of money the town will vote to raise and appropriate for the support of the fire department.

ART. 12. On petition of Edward W. Hunt and seventeen others, to see if the town will vote to raise and appropriate the sum of \$1,500, to be expended in extensive repairs that have got to be made to put Steamer 1, W. F. D., in working condition.

ART. 13. On petition of Waldo H. Belcher and sixteen others, to see if the town will vote to appropriate a sufficient sum to extend the fire alarm system, and to erect a box on Randolph street, opposite Abbott Derby's.

ART. 14. To see what sum of money the town will vote to raise and appropriate for police service.

ART. 15. To see what sum of money the town will vote to raise and appropriate for the Tufts Library.

ART. 16. To see what sum of money the town will vote to raise and appropriate for the maintenance of a public reading room in the Fogg Library.

ART. 17. To see what sum of money the town will vote to raise and appropriate for the abatement and remittance of taxes.

ART. 18. To see what sum of money the town will vote to raise and appropriate for the payment of interest that may become due the ensuing year.

ART. 19. To see what sum of money the town will vote to raise and appropriate for printing and advertising.

ART. 20. To see what sum of money the town will vote to raise and appropriate for miscellaneous expenses.

ART. 21. To see what sum of money the town will vote to raise and appropriate for election expenses.

ART. 22. To see what sum of money the town will vote to raise and appropriate for the payment of town officers.

ART. 23. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

ART. 24. To see what sum of money the town will vote to raise and appropriate for the rent and care of town offices.

ART. 25. To see what sum of money the town will vote to raise and appropriate to be expended in the interest of the public health.

ART. 26. To see what sum of money the town will vote to raise and appropriate for electric lighting.

ART. 27. To see if the inhabitants will authorize the Town Treasurer to borrow such sums of money in anticipation of taxes as will be found necessary to meet the current expenses of the year.

ART. 28. To see if the town will authorize and direct the Selectmen to have all buildings within the Postal Carrier Delivery District plotted and numbered, and raise and appropriate a sufficient sum of money therefor; or act in any manner in relation to the same.

ART. 29. To see what sum of money the town will vote to raise and appropriate toward the Sinking Fund for the payment at maturity of the High School bonds.

ART. 30. On petition of M. A. Carter and eleven others, to see if the town will take such action that, in case of setting any new poles or resetting old ones previously located, the company doing the same shall not be required to use hard pine poles, as their life is short and it is difficult to determine as to their safe condition.

ART. 31. To see if the town will vote to appropriate from the revenue of the Water Works for the current year the sum of \$26,720, to be expended for the following purposes, viz.: \$18,520 for interest on the Weymouth Water Loan Bonds becoming due the ensuing year, \$6,500 for Superintendent's salary, maintenance of Works and Pumping Station, and \$1,700 for current expenses, Commissioners' and office expenses.

ART. 32. To see if the town will vote to appropriate, and direct to be paid to the Trustees of the Sinking Fund, out of the income of the water rents for the current year, the sum of \$9,260, to be set apart and invested as a Sinking Fund for the payment at maturity of the principle of the Weymouth Water Loan Bonds.

ART. 33. To see if the town will vote to appropriate the sum of \$3,000, if available, for the purpose of extending the main water pipe line.

ART. 34. To see what sum of money the town will vote to raise and appropriate for hydrants, and for the water rent and care of drinking fountains.

ART. 35. To see what action the town will take in regard to

accounts on the Water Works' books to the amount of \$720.92, which parties claim are paid for which they have no receipts.

ART. 36. To see what disposition the town will make of the Deficiency Account of the Water Works.

ART. 37. By request of the Park Commissioners, to see if the town will vote to raise and appropriate the sum of \$50 for the care and maintenance of town parks for the ensuing year.

ART. 38. By request of J. C. Howe, to see if the town will vote to provide a suitable place to hold town meetings in the future by removing the Town House to some suitable place, and raise and appropriate a sufficient amount of money for that purpose, or act in any manner in relation to the same.

ART. 39. On petition of Wilmot Cleverly and others, to see if the town will vote that an electric light be placed on Green street, opposite Shaw street.

ART. 40. To see if the town will authorize the Selectmen to commence suit for the recovery of any money due the town.

ART. 41. To see if the town will authorize its Selectmen to sell any buildings, with or without the land upon which the same may be located, or any vacant lots of land which it now owns.

ART. 42. To see what sums of money the town will vote to raise and appropriate, or will appropriate, to provide for any deficiencies in the appropriations of the current financial year, or for any overdrafts already made.

ART. 43. To determine in what manner taxes shall be collected the ensuing year, and to fix the rate of interest upon all taxes remaining unpaid after the time fixed for payment.

ART. 44. To see what sum of money the town will vote to raise and appropriate for the preservation of shade trees.

ART. 45. To see if the town will vote to raise and appropriate \$5,500 for the payment of a note of that amount becoming due May 1, 1903.

ART. 46. To see if the town will accept the list of jurors as submitted by the Selectmen.

ART. 47. On petition of Louis A. Cook and others, to see if the town will raise and appropriate \$300 for the purpose of working Holbrook road, or act in any way in relation to the same.

ART. 48. On petition of Warren F. Nadell and others, to see

if the town will vote to raise and appropriate \$400, to be expended in working the relocation of that part of Summer street in Ward 3, opposite the houses of Andrew Neilson and H. Johnsen.

ART. 49. On petition of John W. Hanley and others, to see if the town will raise and appropriate \$500 to remove the ledge on Pleasant street, opposite the Buttimore estate.

ART. 50. To see if the town will accept the report of the Selectmen upon the laying out of a new town way from North street over land of David Ford and Wessagusset road to tide-water on Boston harbor.

ART. 51. To see if the town will accept the report of the Selectmen upon the laying out of a widening and relocation of a portion of Broad street from land of Francis B. Mullen to land of heirs of John McCarthy.

ART. 52. To see what disposition the town will make of any unexpended balances of appropriations.

ART. 53. To see if the town will raise and appropriate the sum of \$200 to copy and publish the Vital Records (Births, Marriages and Deaths) of the town of Weymouth, or act in any manner relating to the same.

ART. 54. To see if the town will authorize and instruct its Treasurer to prepare and issue, from time to time, as the proceeds may be needed, coupon bonds of the town, to be denominated on their face "Weymouth Water Loan," payable in thirty years from the first day of May of the year in which they are respectively issued, with interest at the rate of three and one-half per centum per annum, payable semi-annually, to an amount not exceeding fifty thousand dollars, for the purposes expressed and in accordance with such authority as may be granted to the town by the Legislature of 1903, substantially in accordance with the provisions of an Act now pending therein, and entitled, "An Act to authorize the Town of Weymouth to make an additional Water Loan," and will prescribe the manner and terms of such issue.

ART. 55. On petition of Gustavus M. Pratt and others, to see if the town will instruct the Board of Health to abate the nuisance now existing on Broad street from a point just west of Central Square to the house of Mrs. John McCarthy, and to see what sum of money the town will raise and appropriate for this purpose.

ART. 56. On petition of Arthur W. Davis and others, to see

if the town will provide that the local Veteran Firemen's Associations have the use of the Engine Halls in Weymouth for their meetings at the actual expense of such meetings.

ART. 57. On petition of Charles B. Trask and others, to see if the town will vote to raise and appropriate \$200 for the working and grading of Summit street.

ART. 58. By request of members of the Weymouth Historical Society, to see if the town will take any action in relation to the observance of "Old Home Week."

And you are directed to serve this warrant, by posting copies thereof, attested by you in writing, in two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk on or before the twenty-eighth day of February instant.

Given under our hands at Weymouth this sixteenth day of February, in the year of our Lord, nineteen hundred and three.

GEORGE L. NEWTON,
BRADFORD HAWES,
ROBERT McINTOSH,
EDWARD W. HUNT,
WALTER L. BATES,

Selectmen of Weymouth.

WEYMOUTH, February 21, 1903.

Pursuant to the within warrant, I have notified and warned the inhabitants of Weymouth aforesaid to meet at the respective places and time, and for the purpose set forth in said warrant, by posting true and attested copies in two and more public places in each precinct in said town seven days at least before the time of holding said meeting, as within directed.

ASA B. PRATT.

Constable of Weymouth.

A true copy.

Attest:

JOHN A. RAYMOND,

Town Clerk.

Attest :

JOHN A. RAYMOND,

Town Clerk.

ANNUAL TOWN MEETING.

Pursuant to the foregoing warrant, the annual meeting of the inhabitants of the Town of Weymouth was held at Odd Fellows Opera House, East Weymouth, on Monday, March 9, 1903, the meeting being called to order at 7:30 P. M., and the warrant read by the Town Clerk.

ARTICLE 1. Hon. Louis A. Cook was elected Moderator by ballot, the check list being used in the election.

ART. 2. No action was taken under this article.

ART. 3. The Selectmen made their report in print, stating that on page 2 the salary of the Superintendent of Streets and Water should read \$1,600 instead of \$1,400.

Voted, That the report be accepted.

Voted, That the reports of the several boards of town officials (except the School Committee) be accepted as printed.

Voted, Not to accept the report of the School Committee.

The Selectmen made the following supplementary reports :

SUPPLEMENTARY REPORT OF SELECTMEN AS TO "ALEWIFE FUND."

WEYMOUTH, March 9, 1903.

Pursuant to the vote of instructions passed at the last annual meeting, the Selectmen have petitioned the Legislature of 1903 for legislation which shall be effectual to remove the conditions on which the "Alewife Fund" was required to be held by the provisions of Chapter 92 of the Acts of the year 1846.

The petition and accompanying bill was introduced into the Legislature by Representative Willis and referred to the Committee on the Towns. This committee, after due notice, granted a hearing on the matter on February 25, which hearing the Selectmen, with others representing the town, attended.

No one appeared in opposition and the said committee reported as "ought to pass" a bill entitled, "An Act to Remove the Conditions on which a Certain Fund is Held by the Town of Weymouth."

This bill has been engrossed by the Senate and has been ordered to its third reading in the House, and in all probability will become law within a few days. This Act provides for the repeal of

Section 5 of Chapter 92 of the Acts of the year 1846. One of the immediate and practical results of this legislation is to obviate the necessity of the town's each year raising the sum of two hundred fifty-two (\$252) dollars as an equivalent of the income from the "Alewife Fund" and also in having to specially appropriate the same to the use of schools, as has been required heretofore.

REPORT OF THE SELECTMEN IN REGARD TO THE PRATT SCHOOL FUND.

As to the Pratt School Fund, the Selectmen, acting on behalf of the town, as heretofore authorized, have caused proceedings to be begun for the purpose of having the Supreme Court determine the questions referred to in our report on this subject of last year.

In consequence of the changed conditions since this fund was established, the matter is somewhat complicated. There are many parties required by law to be duly notified of the proceedings, and the matter has not yet come before the court to be heard on its merits.

Voted, That the report be accepted.

The following report was made by the Committee on Electric Lights :

SUPPLEMENTARY REPORT LIGHTING COMMITTEE.

WEYMOUTH, MARCH 9, 1903.

GEORGE L. NEWTON,
BRADFORD HAWES,
ROBERT McINTOSH,
EDWARD W. HUNT,
WALTER L. BATES,

Selectmen of Weymouth.

Voted, That the report be accepted.

Voted, That it is the sense of this meeting that the Town Clerk read the minutes he has taken at each meeting.

Voted, To accept the report of the committee on the Athens School building.

The committee appointed on the case of the late Joseph F. Taylor made the following report:—

The undersigned, a committee appointed at the annual town meeting in March, 1902, to investigate the claim of Russell B. Worster, administrator of the estate of the late Joseph F. Taylor, for remittance of taxes paid by said Joseph F. Taylor for which he was not liable, beg leave to report that they have investigated the same and find a lot of land was assessed to him and taxes on the same paid by him from 1867 to 1899. Said lot of land was valued at \$60 until 1889, and \$100 from 1889 to 1899. The amount of tax paid for said time was \$38.74. We also cannot find that said Joseph F. Taylor ever owned said lot of land.

Respectfully submitted,

FRANCIS H. COWING,
GILMAN B. LOUD,
JOHN W. BATES,
GEORGE C. TORREY,
GEORGE L. NEWTON,
EDWARD W. HUNT,
J. CLARENCE HOWE,
Committee.

Voted, that the report be referred back to the committee.

ART. 4. Voted, To raise and appropriate \$50,000, and one-half the dog tax and the income from the Alewife fund, for the support of public schools, to wit:

Salaries of teachers, including Drawing, Music					
and Superintendent	\$34,600 00
Salaries of janitors	3,500 00
Fuel	3,800 00
Repairs	3,000 00
Incidental expenses	300 00
Supplies	3,400 00
Miscellaneous	500 00

ART. 5. Voted, To raise and appropriate the sum of \$1,000 for the transportation of pupils to and from school.

ART. 6. At the request of the School Committee, to see if the town will vote to raise and appropriate \$1,000 for the establishment of an evening school for the town, in Ward 2, as required under Sec. 11, Chap. 42 of the Revised Laws.

Voted, That it be referred to the School Committee.

ART. 7. Voted, To raise and appropriate the sum of \$10,000, and to appropriate the street railway and excise tax for the repair of highways, townways and bridges, and for the removal of snow: \$3,000 for removal of snow, \$300 for bridges, balance for highway repairs.

Voted, That all men employed by the Town of Weymouth on Highways be paid the sum of \$2.00 a day, and that 8 hours constitute a day's work.

ART. 8. Voted, To raise and appropriate the sum of \$14,000 and to appropriate the sum of \$3,000 for the support of the poor.

ART. 9. Voted, To raise and appropriate the sum of \$3,500 for the relief of disabled soldiers and seamen and the families of disabled soldiers and seamen, under Chapter 447 of the Acts of 1890 and Acts in amendment thereof.

ART. 10. Voted, To raise and appropriate the sum of \$250, and to appropriate \$8,500 for the payment of State and Military Aid under the provisions of Chapters 372 and 374 of the Acts of 1899, and for burials as provided in Chapter 279 of the Acts of 1896.

ART. 11. Voted, To raise and appropriate the sum of \$7,000 for the support of the Fire Department, \$500 to go for deficiencies.

ART. 12. Voted, To raise and appropriate the sum of \$1,500, to be expended in extensive repairs that have got to be made to put Steamer 1, W. F. D., in working condition.

ART. 13. Voted, That the Engineers place a fire alarm box on Randolph street, opposite Abbott Derby's.

ART. 14. Voted, To raise and appropriate the sum of \$4,500 for Police service.

ART. 15. Voted, To raise and appropriate the sum of \$2,500 and to appropriate one-half of the dog tax and the rentals of the Library building for the Tufts Library.

ART. 16. Voted, To raise and appropriate the sum of \$500 for the maintenance of a public reading room in the Fogg Library.

ART. 17. Voted, To raise and appropriate the sum of \$1,000 for the abatement and remittance of taxes.

ART. 18. Voted, To raise and appropriate the sum of \$4,500 for the payment of interest that may become due the ensuing year.

ART. 19. Voted, To raise and appropriate the sum of \$1,000 for printing and advertising.

ART. 20. Voted, To raise and appropriate the sum of \$2,500 for miscellaneous expenses.

ART. 21. Voted, To raise and appropriate for election expenses the sum of \$700.

ART. 22. Voted, That \$6,800 be raised and appropriated for the payment of Town Officers, the Selectmen and Overseers of the Poor, and Board of Health to receive \$2,400, the Assessors \$1,300; also a sum not exceeding \$200 for clerk hire; Town Clerk, \$125; Town Treasurer, \$450; Auditor, \$200; School Committee, for services and expenses, \$300; Sealer of Weights and Measures, \$200; Tree Warden, \$100; Town Accountant, \$785. Also raise and appropriate \$500 for the Assessor to print a new valuation book.

ART. 23. Voted to raise and appropriate the sum of \$400 for Memorial day.

ART. 24. Voted, To raise and appropriate the sum of \$700 for rent and care of town offices.

ART. 25. Voted, To raise and appropriate the sum of \$500, to be expended in the interest of public health.

ART. 26. Voted, To raise and appropriate the sum of \$7,000 for electric lights.

ART. 27. It was voted that for the purpose of procuring a temporary loan to, and for the use of the Town of Weymouth, in anticipation of the taxes of the present municipal year, the Town Treasurer is hereby authorized and directed to borrow, from time to time, with the approval of the majority of the Selectmen of said town, a sum or sums in the aggregate amounting to \$140,000, and to execute and deliver the note or notes of the town therefor, payable in one year from the time the loan is made. The said debt or debts incurred by a loan or loans to the town under this vote are to be paid from the said taxes of the present municipal year.

ART. 28. Voted, That the article in relation to having all

buildings within the postal carriers' delivery district platted and numbered, be referred to the Selectmen, and to raise and appropriate \$700 for that purpose.

ART. 29. Voted, To raise and appropriate the sum of \$5,000 toward the sinking fund for the payment at maturity of the High School bonds.

ART. 30. Voted, That the article in relation to setting any new poles or resetting old ones, previously located, be referred to the Selectmen.

ART. 31. Voted, To appropriate from the revenue of the Water Works for the current year the sum \$26,720, to be expended for the following purposes, viz.: \$18,520 for interest on the Weymouth Water Loan bonds becoming due the ensuing year; \$6,500 for Superintendent's salary, maintenance of the works and pumping station, and \$1,700 for all other expenses.

Voted, to take up Article 30.

No action taken.

ART. 32. Voted, To appropriate and direct to be paid to the Trustees of the Sinking Fund, out of the income of the water rents for the current year, the sum of \$9,260 to be set apart and invested as a Sinking Fund for the payment at maturity of the principal of the Weymouth Water Loan Bonds.

ART. 33. Voted, To appropriate the sum of \$3,000 for the purpose of extending the main water pipe line.

ART. 34. Voted, To raise and appropriate \$5,000 for hydrants, and for the water rent and care of drinking fountains.

ART. 35. Voted, That the Water Commissioners be instructed to check off as paid bills to the amount of \$720.92 which parties claim are paid for which they have no receipts, and that this amount be charged to the Deficiency Account.

ART. 36. Voted, That the Water Commissioners be instructed to take the Defficiency Account from their books, and that the same be charged to Maintenance of Works.

ART. 37. Voted, To raise and appropriate the sum of \$50 for the care and maintenance of town parks for the ensuing year.

ART. 38. Voted, That the article in relation to removing the Town House be laid on the table, the result of the vote being Yes, 154; No, 66.

Previous to taking this vote the Moderator appointed J. War-

ren Simpson and Michael Sheehy as tellers, and administered the oath to them.

Voted, That when we adjourn it be here at this hall Friday night at 7.30 o'clock.

Voted to adjourn.

JOHN A. RAYMOND,
Town Clerk.

The adjourned annual meeting of the inhabitants of the town of Weymouth was held at Odd Fellows Opera House, East Weymouth, on Friday, March 13th, 1903, at 7.30 o'clock P. M., the meeting being called to order by the Moderator.

Voted to take up Article 2.

Voted, That the Moderator appoint a committee of one from each ward to nominate officers under this article.

The Moderator appointed the following on the committee, viz. : C. H. Lovell, T. B. Seabury, R. B. Worster, George C. Torrey and Asa B. Pratt.

Voted to take up Article 3.

The committee appointed at the annual meeting of the town, held March 10, 1902, under Article 43rd in the warrant for said meeting—to consider the matter of reimbursing Joseph F. Taylor for taxes paid on a parcel of land which it was claimed was not owned by him—respectfully report as follows :

That the committee cannot find that the late Joseph F. Taylor ever owned a lot of land assessed to him from 1867 to 1899, and on which he paid taxes amounting to \$38.74, and respectfully refer the matter of reimbursement of said taxes for the action of the town.

Submitted in behalf of the committee,

GEORGE C. TORREY,
Clerk.

Voted, To raise and appropriate the sum of \$38.75 for the purpose of reimbursing the estate of the late Joseph F. Taylor, being the amount paid out by him as above.

Voted, to hear the report of the committee on purchasing a new chemical engine in Ward 5.

No report was made.

Voted, To reconsider the vote whereby it was voted not to accept the report of the School Committee.

Voted, That the report of the School Committee be accepted.

ART. 39. Voted, That the article in relation to placing arc electric lights on Green Street be indefinitely postponed. Yes, 86; no, 79.

The Moderator appointed Major F. A. Bicknell as teller, and administered the oath to him.

ART. 40. Voted, To authorize the Selectmen to commence suit for the recovery of any money due the town.

ART. 41. Voted, To authorize the Selectmen to sell any building with or without the land upon which the same may be located, or any vacant lot of land which it now owns.

Voted, To take up Article 38.

Voted, To take the subject matter from the table.

Voted, That the next annual meeting be held at the Town House.

Voted, That the Selectmen be instructed to put the Town House in proper condition for the next annual meeting.

Voted, To raise and appropriate \$1,000 for that purpose.

The Committee under Article 2, made the following report :

PUBLIC WEIGHERS.

Ward 5.—Geo. E. Reed, Alvin Hollis, Quincy L. Reed, Frank H. Richards, Quincy Reed.

FENCE VIEWERS.

Quincy L. Reed, Gilman B. Loud, Chas. Simmons, F. D. Sherman.

FIELD DRIVERS.

Benj. F. Richards, Isaac Walker, Nathaniel B. Peare, Asa B. Pratt, John D. Walsh, Geo. B. Bayley, Geo. W. Conant, Michael Allen, C. H. Lovell.

POUND KEEPER.

Benton C. Tirrell.

Voted, That the above report be accepted.

ART. 42. Voted, To raise and appropriate the sum of \$3,800, and to appropriate the Bank and Corporation tax, for deficiencies and overdrafts, for the following purposes :

Highway repairs	\$1,696 40
Commercial Street, special	12 30
Broad Street, special	40 00
Town Accountant	88 75
Board of Health	1,714 55
Soldiers' Relief	800 00
Electric Lights	328 79
Poor Account	3,000 00

ART. 43. Voted, That all taxes shall become due and payable on or before the tenth day of October next, and that the Collector be instructed to collect forthwith, according to law, all taxes remaining unpaid after that date, with interest at the rate of six per cent. per annum, and that the salary of the Collector be the same as last year, six mills on the dollar.

ART. 44. Voted, To raise and appropriate for the preservation of shade trees \$500.

ART. 45. Voted, To raise and appropriate \$5,500 for the payment of a note of that amount becoming due May 1, 1903.

ART. 46. Voted, To amend the Jurors List by striking out the names of J. B. Tirrell, W. W. Goodey, W. W. Macauley, E. J. Pitcher, S. B. Totman, Everett Loud, M. P. Garey, A. H. Wright, F. H. Graves and Solomon Ford, and adding the names of Charles H. Willoby, Henry W. Hayden, Leonard V. Tirrell, John J. Higgins, Gustavus M. Pratt, Henry T. McIntosh, Josiah Q. Spear, Elbridge G. Hunt, Seth Damon and Henry B. Vinton.

Voted, That the Jury List as amended be accepted.

ART. 47. Voted, to raise and appropriate \$300 for the purpose of working Holbrook road.

Voted, That the article in relation to removing the ledge on Pleasant Street, opposite the Buttimore estate be referred to the Surveyor of Roads; that he be instructed to remove the ledge and charge the same to the appropriation for roads.

ART. 50. Voted, To accept the report of the Selectmen upon the laying out of a new town way from North Street over land of David Ford and Wessagusset Road to tide water on Boston Harbor, to be called Pilgrim Road.

ART. 51. Voted, To accept the report of the Selectmen upon the laying out of a widening and relocation of a portion of Broad Street, from land of Francis B. Mullen to land of the heirs of John McCarthy.

ART. 52. Voted that the following unexpended balances be covered into the treasury of the town:—

Page 133 of printed report:

High School Building	\$4 50
Shaw School Building	49
Cliff Street	5 58

ART. 53. Voted, To raise and appropriate the sum of \$200, to copy and publish the Vital Records (Births, Marriages and Deaths) of the town of Weymouth.

Voted, That the matter be left with the Town Clerk.

ART. 54. Voted, That the town hereby authorizes an increase of its water loan debt for the purposes stated in Sec. 4 of Chap. 174, of the Acts of the Legislature, passed in the year of our Lord, 1881, to an amount not exceeding \$50,000, by virtue of and in accord-

ance with the provisions of an Act passed by the Legislature, in the year 1903, entitled, "An Act to authorize the Town of Weymouth to make an additional water loan," which said act was approved by the Governor, Feb. 27, 1903, and that the Town Treasurer is hereby instructed to cause to be made fifty coupon bonds of this town, each for the sum of \$1,000, as principal, payable in thirty years, from the first day of May, in the year in which, respectively, they shall be issued, and bearing that date, with interest payable semi-annually, at the rate of $3\frac{1}{2}$ per cent. per annum, to be denominated on its face, "Weymouth Water Loan," and each bond to be sealed with its corporate seal, and to be signed in its behalf by its treasurer, and countersigned by the chairman of its Board of Selectmen; and that said treasurer is hereby instructed to issue said bonds in such amounts as the Board of Water Commissioners for this town shall by vote, from time to time request, and that all of these bonds, before issue, shall be approved by said Board of Water Commissioners, and signed by the Clerk of said Commissioners in attestation of such approval. Also, that such bonds may be sold, or any portion of them, by the Treasurer of the Town, with the approval of its Board of Water Commissioners, either at public or private sale, or pledged by him with like approval, as collateral for money borrowed for the purposes authorized by said Act of the Legislature passed in the year 1903; and that said Treasurer shall hold the moneys received from the sale (or pledge) of said bonds, subject to the appropriation thereof already made, or which may be made, by vote of the town, for the purposes herein above named.

The result of the vote was—Yes, 82; No, 0.

Voted, To take up Article 2.

Voted, That the same persons serve on the Appropriation Committee for the present year that served last year, viz.:

WARD 1.

C. H. Bolles, B. F. Thomas, John A. Holbrook.

WARD 2.

M. E. Hawes, W. C. Earle, M. Sheehy.

WARD 3.

G. H. Bicknell, F. M. Drown, J. B. Whelan.

WARD 4.

George L. Barnes, S. S. Spear, Charles Hawes.

WARD 5.

Alvin Hollis, G. E. Reed, A. F. Bullock.

ART. 55. Voted, That the Board of Health be instructed to abate the nuisance now existing on Broad street from a point just west of Central Square to the house of Mrs. John McCarthy, and that the sum of \$1,000 be raised and appropriated for that purpose.

ART. 56. Voted, That the Veteran Firemen's Association have the use of the Engine Halls of Weymouth for their meetings at the actual expense of lighting and heating.

Voted, Not to reconsider the above vote.

ART. 57. Voted to raise and appropriate \$200 for the working and grading of Summit street.

ART. 58. Voted, To raise and appropriate \$200 for the observance of Old Home Week, and that the Weymouth Historical Society be a committee to make arrangements for same.

The Moderator appointed the following committee on Electric Lighting, viz.: Frank H. Mason, A. Francis Barnes, Wm. J. Coleman, Geo. W. Baker, Matthew O'Dowd.

Voted, That the thanks of the town be extended to the Moderator, Hon. Louis A. Cook, for the fair and impartial manner in which he has conducted this our annual town meeting.

Voted, To adjourn.

JOHN A. RAYMOND,
Town Clerk.

SPECIAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss. *To the Constables of the Town of Weymouth, in said County.* GREETING:—

In the name of the Commonwealth, you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at Odd Fellows Opera House, East Weymouth, on Monday, the fifteenth day of June, instant,

at eight o'clock in the evening, then and there to act upon the following articles, namely :—

Article 1. To choose a Moderator.

Art. 2. To see if the town will authorize its Selectmen to contract in its behalf with the Massachusetts Highway Commission for the construction of Main Street and the portion of Washington Street between Main Street and Lincoln Square, as a State Highway.

Art. 3. To see if the town will vote to accept the provisions of Sections one to five, inclusive, of Chapter one hundred and one of the Revised Laws, empowering the Selectmen to enforce the removal of burnt, dilapidated or dangerous buildings.

Art. 4. To see if the town will vote to accept the provisions of Sections one hundred seventy-eight to one hundred eighty, inclusive, of Chapter one hundred and two of the Revised Laws, concerning the granting of licenses for the keeping open and maintaining of picnic groves.

Art. 5. To see if the town will authorize its Selectmen to purchase a portable stone crusher and bins, and make a suitable appropriation for the same, or act in any manner in relation thereto.

Art. 6. To see what provision the town will make for a deficiency in the appropriation for the new school house in North Weymouth.

And you are directed to serve this warrant by posting copies thereof, attested by you in writing, in two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk of said town, at or before the time of said meeting.

Given under our hands at Weymouth, this first day of June, in the year of our Lord nineteen hundred and three.

GEORGE L. NEWTON,
BRADFORD HAWES,
ROBERT McINTOSH,
EDWARD W. HUNT,
WALTER L. BATES,

Selectmen of Weymouth.

NORFOLK, ss.

WEYMOUTH, June 5, 1903.

Pursuant to the within warrant, I this day notified and warned the inhabitants of Weymouth aforesaid, by posting true and attested copies thereof in two and more public places in each precinct in said town of Weymouth, as within directed.

ASA B. PRATT,

Constable of Weymouth.

A true copy attest :

JOHN A. RAYMOND,

Town Clerk.

SPECIAL TOWN MEETING.

Pursuant to the foregoing warrant a legal meeting of the inhabitants of the town of Weymouth was held at the Odd Fellows Opera House, East Weymouth, on Monday, June 15, 1903, the meeting being called to order at 8 o'clock in the evening, and the warrant read by the Town Clerk.

Article 1. Hon. Louis A. Cook was elected Moderator by ballot, the check list being used in the election.

Art. 2. Voted, To authorize the Selectmen to contract in its behalf with the Massachusetts Highway Commission for the construction of Main street, and the portion of Washington street between Main street and Lincoln square, as a state highway.

Art. 3. Voted, To accept the provisions of Sections one to five, inclusive, of Chapter one hundred and one of the Revised Laws, empowering the Selectmen to enforce the removal of burnt, dilapidated or dangerous buildings.

Art. 4. Voted, To accept the provisions of Sections one hundred seventy-eight to one hundred eighty, inclusive, of Chapter one hundred and two of the Revised Laws, concerning the granting of licenses for the keeping open and maintaining of picnic groves.

Articles 5 and 6 were not carried, 100 voters not voting in the affirmative.

Voted, to adjourn.

JOHN A. RAYMOND,

Town Clerk.

OFFICE OF THE SELECTMEN.

WEYMOUTH, October 5, 1903.

JOHN A. RAYMOND, *Town Clerk*:—

At a meeting of the Selectmen of Weymouth, held as above, the following were appointed as precinct officers for the year commencing November 1, 1903.

Hawes, Arthur L. Blanchard; Deputy Inspectors, Thomas J. Lynch, Charles J. Scott; Ballot Box Constable, Nathaniel B. Peare; Constable, Patrick Butler.

BRADFORD HAWES,

Secretary.

WARRANT FOR THE STATE ELECTION.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss. *To the Constables of the Town of Weymouth, in said County.* GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the polling places in their respective precincts, to wit: — In Precinct numbered One, in the hall of the Fire Engine House on Athens street in that Precinct; in Precinct numbered Two, in the Odd Fellows Opera House; in Precincts numbered Three, Five and Six, in the halls of the Fire Engine Houses located in those Precincts respectively; and in Precinct numbered Four, in the Hose House at Nash's Corner, on Tuesday, the third day of November next, at six o'clock in the forenoon, then and there to bring in to the Wardens of their respective precincts, their votes on one ballot for the following named public officers, to wit:

For Governor of the Commonwealth.

For Lieutenant-Governor of the Commonwealth.

For Secretary of the Commonwealth.

For Treasurer and Receiver-General of the Commonwealth.

For Auditor of the Commonwealth.

For Attorney-General of the Commonwealth.

For Councillor for the Second District.

For Senator for the First Norfolk District.

For Two Representatives in the General Court for the Sixth Norfolk District.

For One County Commissioner in and for the County of Norfolk.

For Register of Probate and Insolvency in and for the County of Norfolk.

For County Treasurer.

For Register of Deeds.

And to vote "Yes" or "No" upon the acceptance by the town of the provisions of Chapter 454 of the Acts of 1903, entitled, "An act to provide for joint caucuses or primaries of all political and municipal parties."

The polls will be opened at six o'clock in the forenoon, and may be closed at one o'clock in the afternoon.

And you are directed to serve this warrant by posting copies thereof, attested by you in writing, in two public places in each voting precinct in said town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk of said town, three days at least before the time of said meeting.

Given under our hands at Weymouth, this twentieth day of October, in the year of our Lord nineteen hundred and three.

GEORGE L. NEWTON,
BRADFORD HAWES,
ROBERT McINTOSH,
EDWARD W. HUNT,
WALTER L. BATES,

Selectmen of Weymouth.

WEYMOUTH, October 22, 1903.

Pursuant to the within warrant, I have notified and warned the inhabitants of Weymouth aforesaid, to meet at the respective places and time, and for the purpose set forth in said warrant, by

posting true and attested copies in two and more public places in each precinct in said town, seven days at least before the time of holding said meeting, as within directed.

ASA B. PRATT,

Constable of Weymouth.

A true copy. Attest:

JOHN A. RAYMOND,

Town Clerk.

SELECTMEN'S OFFICE.

WEYMOUTH, MASS., Nov. 4, 1903.

A meeting of the Selectmen and Town Clerk was held this day at the above office for the purpose of examining the copies of records of votes cast in the several precincts of the town, at the election held on Tuesday Nov. 3, 1903, in accordance with the foregoing warrant, and to make an aggregate of the same, the result being as follows:

GEORGE L. NEWTON,

Chairman Selectmen Weymouth.

REPORT OF THE PARK COMMISSIONERS.

The Board of Park Commissioners has the honor to submit herewith its annual report for the year ending December 31, 1903 :

The park area is as at last reported. Webb Park, at the Landing, has received its usual care, and has been made use of by a great many of our people, who seem to appreciate and enjoy its natural beauties. There has been received and expended on this park the following amounts, viz. :

Town appropriation	\$50 00
For pasturage	5 00
							<hr/>
							\$55 00

EXPENDITURES.

W. H. Clapp, for labor	.	.	.	\$5 00	
R. Gibson, mowing grass	.	.	.	4 00	
Jere Delory, labor	.	.	.	9 00	
E. G. Tirrell, labor	.	.	.	3 00	
Dummer Sewall, labor	.	.	.	3 00	
				<hr/>	
				\$24 00	24 00
					<hr/>
Balance unexpended	\$31 00

The work done by the town on Summit street has greatly improved the approaches in that direction, and we trust a sufficient sum may be appropriated this year to complete the work of widening and grading.

Beals Park has been kept in its usual condition during the past year. On account of the heavy rains during the early spring the pond was unusually full of water, consequently it could not be cleaned as it should, and the water became somewhat stagnant and caused some uneasiness among the people who reside near it, but by turning on town water to quite a large extent it finally became clear and apprehension of disease vanished. A dividing

fence has been erected between the park and the estate of the late Dr. Turner. This fence should be continued, thereby separating other and adjoining property from the park itself.

Following is a statement of receipts and expenditures, viz. :

Unexpended balance January 1, 1903 . . .	\$120 98
Received of J. H. Stetson, Treasurer . . .	35 29
	<hr/>
	\$156 27

EXPENDITURES.

Water tax	\$6 00	
S. Delorey	17 50	
Watering cart	5 00	
D. M. Kidder	50	
Fence	25 00	
	<hr/>	
	\$54 00	54 00
		<hr/>
Balance on hand		\$102 27
From Great Hill Park for pasturage		\$35 00

LOUIS A. COOK,
FRANK H. TORREY,
WILLIAM H. CLAPP,
Park Commissioners.

ANNUAL REPORT
OF
WATER COMMISSIONERS
OF THE
TOWN OF WEYMOUTH, MASS.

1903.

WATER COMMISSIONERS.

FRANK H. TORREY, Chairman, pro tem.

GUSTAVUS M. PRATT, Clerk of Board.

JOHN H. STETSON, Treasurer.

GEORGE L. NEWTON.

IVERS M. LOW, Superintendent.

CHARLOTTE E. BRIGGS, Clerk.

C. B. KLINGEMANN, Engineer.

Office at East Weymouth, Mass.

WATER COMMISSIONERS' REPORT.

The Board was organized March 18, 1903, by the choice of Frank H. Mason, Chairman, Gustavus M. Pratt, Clerk, and John H. Stetson, Treasurer.

Mr. I. M. Low has continued as Superintendent of the physical part of the Works, at a salary of \$700.

Miss C. E. Briggs continues as Clerk in the office at a salary of \$450.

Mr. C. B. Cushing continues as Accountant at a salary of \$215.

Mr. G. M. Pratt continues as Register and Collector at a salary of \$235.

Mr. C. B. Klingemann is Engineer of the Pumping Station at a salary of \$1,000.

In April Mr. G. M. Pratt was employed to make a complete inspection of the fixtures in town and, as Register, to re-adjust charges. The result was very satisfactory to the Board, from a financial standpoint, also other benefits to the service. After this inspection it was thought best to have a new edition of the rules and regulations printed, with a few changes. One of these was sent to every water taker with the October bills, and we now think that no one can claim ignorance of them. A detailed report of this inspection will be found in the following pages.

After receiving many complaints the following was sent to the State Board of Health:

"We, the Water Commissioners of the Town of Weymouth, respectfully petition your Honorable Board to make such rules and regulations as may be necessary to prevent the pollution and to secure the sanitary protection of the waters of Weymouth Great Pond, the source of water supply of the inhabitants of the Town of Weymouth."

The representatives of the State Board of Health, with a representative of the Board of Water Commissioners, visited the pond on August 26, 1903. On September 3, 1903, the State Board of Health submitted rules and regulations which were accepted by this Board September 17, 1903. These rules and regulations were printed in the local papers, and are also on file in the office, and it is the intention to post them around the pond in the early spring, and to strictly enforce them.

While we believe that this will be a great help, we think the

only complete remedy will be the acquirement, by purchase or otherwise, of all the land around the pond, or at least all objectionable points.

Of the money expended for construction the past year about \$1,500 was expended for the improvement of the service, such as connecting dead ends, replacing old services, etc. There is still need for much more in this direction, particularly the following:

Complete Front street, from rear of Stetson Shoe Company factory, to junction of Main street. This was started last fall.

Connect Tower avenue to Torrey street, also Lovell street to Neck street.

On October 1 we lost, by death, our Chairman, Mr. F. H. Mason. Our feelings are best expressed by the resolutions which follow this report.

Mr. F. H. Torrey was chosen Chairman pro tem., and is still acting in that position. As the work for the year was all laid out and well advanced, it was thought best not to put the town to the expense of a special election to fill the vacancy, that being the only way it could be filled under the Water Act.

An appropriation of \$6,000 is asked, for the purpose of making such extensions as may be deemed necessary for the ensuing year, also an appropriation from the revenue of the works to be applied as follows:

Interest on Bonds	\$18,640	00
Payment to Sinking Fund		9,320	00
Superintendent's salary	}						7,300	00
Maintenance			
Pumping Station		.						
Current expenses	}						1,700	00
Commissioners			
Office expense								

FRANK H. TORREY,
GUSTAVUS M. PRATT,
JOHN H. STETSON,
GEORGE L. NEWTON,

Water Commissioners.

REPORT OF THE TOWN ACCOUNTANT

WEYMOUTH, MASS., January 1, 1904.

Board of Water Commissioners of the Town of Weymouth:

GENTLEMEN:—I herewith submit my report of the inspection of the fixtures in town:

Starting, as I did, behind the parties who were numbering the houses, I was able to get street and number of each service, which will be a great help in cases of transfer, and gives them an identity not before had.

I have tried to get everything that should be a revenue to the department, and while I think I got most of it, there is no doubt I did not get it all. I think perhaps that is impossible.

The failure of the department to get all of the revenue in the past cannot be laid to the water takers alone. The department should inspect oftener, but most of it the water takers were to blame for. The reasons given by them would take too much space, if I could remember all of them. I therefore state a few of them in my own way.

Not a few seemed to think that anything to beat the department out of a dollar for water was all right, if they did not get caught; others claimed to have paid all bills that were presented to them, and were not to blame if the charges were not right. The rules and regulations say they shall report any changes or additions. Some seemed to think that because they paid one rate on a fixture they had a right to use the water for other purposes than that for which it was charged, which the rules do not allow. Much trouble was had with parties using hose. Some seemed to think that if they only used it once in a while they should not pay for it, and in some cases flatly denied that they had used it at all, when every indication and from information I think this was not true. The rule in regard to the sealing fixture should be enforced.

Perhaps the rates on horses and cows caused as much trouble

as anything, and I am sorry to say I am not satisfied in that direction with the result.

There are a great many people who keep one or more horses or cows, who refuse to pay water rates for them. Many reasons are given for this refusal, some claim to have wells or brooks which they use, while not a few claim to use the public fountains. In many cases these wells and brooks are a long distance from the stable, and in some cases pumps, etc., show long disuse. In regard to the fountains, some said they drove past them going to and from work, others said their teams were on the road all of the time.

The question seems to be, does the Town pay water rates on drinking fountains as a Humane act? Or do they do so that some people can get clear of paying water rates to this Department?

Also are there not times when it is impossible to use either wells, brooks or fountains, and if this is so, do not these parties use some water taken from the pipes, and if they use any at all should they not pay full rates?

Having always been in favor of metres this inspection makes me stronger in favor of them. Metres are also the inspectors; people will keep these fixtures in repair and stop the waste; they will pay for all they use and no more.

I found the fixtures in fairly good condition; every one was cautioned to keep them tight, and to prevent waste as much as possible. A few were notified to repair at once, which I have no doubt will be done.

The result of the inspection as to revenue and other data is as follows :

Whole number of services visited	.	.	.	2,658
Amount charged by readjustment	.	.	.	\$981 09
Annual revenue from additional fixtures	.	.	.	567 00
Amount paid on readjustment account	.	.	.	788 64
Number of services readjusted	.	.	.	195
Number of houses now in town on streets where				
pipe is laid who do not take water	.	.	.	153
Number where there is no pipe	.	.	.	77
Cost of inspection, 76 days at \$3.50	.	.	.	\$266 00

Respectfully submitted,

G. M. PRATT.

SUPERINTENDENT'S REPORT.

To the Board of Water Commissioners:

GENTLEMEN :—I submit my report for the year ending December 31, 1903.

POND.

Owing to the attractiveness of the pond and its surroundings, there were many people visiting the pond during the summer months, and a number of small houses have been erected on its shores. Considerable comment has been made as to the liability of the water being contaminated. These conditions were brought to the notice of the State Board of Health, who made an investigation of the pond and its surroundings. While nothing of an alarming nature was discovered, a regular inspection of the pond should be made, and no precaution neglected which will prevent its pollution, as the value of a pure water supply to a community can hardly be over-estimated. In a following report find the results of the water analysis made by the State Board of Health.

PUMPING STATION.

Building and grounds in good condition. The Deane Compound Duplex Pump was given a general overhauling, most of the work being done by the engineer and his assistant. All the pumps have received careful attention and are in good working order. Many changes and improvements have been made from time to time, which though small in themselves, have collectively added much to the efficiency of the plant, and a substantial increase has been made in the duty of the engines which proves the economical value of these changes. One boiler was reset early in the year. Both boilers are in poor condition. From the report of the boiler inspector, it will be necessary to purchase a new boiler the coming year, as he has practically condemned the boiler now in use, by requesting us to reduce the steam pressure. As these boilers have been in use 12 and 18 years respectively, this is not surpris-

ing, and a new boiler should be purchased at once so as to be ready for use during the summer season. I would recommend the new boiler be of sufficient horse power to furnish steam for entire plant, using old boiler as an auxiliary, and next year replace this with a new one. We will then have boilers which will be ready for any emergency.

STAND PIPE.

The stand pipe was thoroughly cleaned and the outside was painted, the work being done by the employes of this department. It will be necessary to paint the inside this year.

MAINS.

During the year 3,228 feet of main pipe has been laid. Of this amount, 496 feet of 6 inch was laid on Chard street, connecting with dead end on Hillside avenue, thereby eliminating two dead ends and creating a circulation on this line between Broad and Middle streets. Encountered a great deal of ledge on this extension, which added greatly to its cost. Laid 515 feet on Front street from junction of West street south. A 6-inch cast iron main was laid as a fire service for the Stetson Shoe Company. This extension should be continued to Main street, and would result in better service not only for the immediate vicinity, but for Weymouth Landing as well. Bayview street, laid 474 feet of 6 inch, connecting with main on Holbrook road.

There was only one leak in the mains. This was in a 12-inch main opposite No. 95 Union street; cause, cracked pipe. Also repaired leak for the Bradley Fertilizer Company; cause, broken hydrant in yard.

From the reports of other departments we have as little trouble in this respect as any that comes to my notice; which cannot but reflect credit as to the thoroughness with which the work has been performed.

HYDRANTS

Have received the usual attention, cleaned and repaired when necessary. During the cold weather they are regularly inspected, and every precaution taken that they are in good working order in case of fire. One new hydrant has been added on Front street, near factory of the Stetson Shoe Company, and one on Hillside avenue used as a blow-off, which was discontinued when Charles street extension was completed.

GATES

Have been carefully inspected and are in good working order.

WATER WASTE.

The importance of this subject is not realized by the ordinary water taker. The fallacy that water is as free as the air you breathe has been long since exploded; it may be in the pond, but it costs something to pump it, and deliver through miles of pipe to your faucet. Water is one of the necessities of life, both animal and vegetable, and its liberal use should be encouraged. In our case there is plenty of water at the source of supply, but there will soon be lack of means of distribution, if excessive waste is not prevented. The first effect of this waste is to tax the carrying capacity of our mains, which results in poor fire protection and insufficient pressure in many houses; it is also felt in the pumping station, extra machinery required and coal consumed to pump water that is wasted, as much or more than is pumped for use. In the city of Atlanta, Ga., by the restriction of the excessive waste, they increased the pressure on their fire hydrants from 20 to 60 pounds per square inch; no new pumps or source of supply, simply reduction of the waste. The importance of keeping plumbing fixtures in repair is not realized by the average water taker, and very few have even an approximate idea of the quantities of water which may be wasted through small openings. For this reason the following table gives the number of gallons per 24 hours, under a pressure of 60 pounds per square inch:

$\frac{1}{64}$	—	61
$\frac{1}{32}$	—	230
$\frac{1}{16}$	—	907

$\frac{1}{8}$	—	3,649
$\frac{1}{4}$	—	14,616
$\frac{3}{8}$	—	32,558

The above openings are all smaller than the ordinary house faucets, and it can be readily seen what enormous quantities can be wasted through small openings. From the above table and our meter rates, a leak of $\frac{1}{4}$ of an inch will represent a waste of 465,595 gallons per year, or waste to the value of \$142. Each water taker thinks that his leak amounts to nothing, but the above table shows, I hope, its importance in the aggregate to this department. The question of how to stop this waste is answered by installing meters and make the water taker who is wasteful

pay for it. The system whereby a family of two have to pay as much as a family of eight is very unfair. You buy your coal, wood, oil and groceries by measure, why not your water? There are several varieties of meters that are accurate to within one per cent., and that is in favor of the consumer. It has been argued that meters would restrict the necessary use of water. When it is to be considered that this department will deliver at any tap in your house at an expense of about one cent per barrel, the water taker can afford to pay for all the water that he uses legitimately. In some instances the water department thinks that the installation and care of meters would cost more than the water wasted. This may be true here. In any event, the prevention of this unnecessary waste is no hardship to any one, and a fair amount of co-operation, resulting in its reduction, will be a benefit to all and the postponing of the time when expensive extension will become necessary.

SERVICE PIPES.

Sixteen leaks have been repaired during the year. Fifty-four new service pipes have been laid and twenty-six old service pipes have been relaid as follows :

46	$\frac{3}{4}$ -inch lead	1,071.6 feet.
4	1-inch lead	108.5 "
21	$\frac{3}{4}$ -inch galvanized iron	290.5 "
1	1-inch galvanized iron	11.0 "
3	2-inch galvanized iron	47.0 "
4	$\frac{3}{4}$ -inch lead lined	39.5 "
1	6-inch cast iron	54.1 "
							<hr/>
							1,622.2 feet.
Number feet of service pipe relaid							630.5 "
							<hr/>
							991.7 feet.

Two thousand seven hundred and forty service pipes have been laid to date ; of these there are seven that have not been let on and twenty-one that have been discontinued.

Number of feet of each size laid as follows :—

2401	$\frac{3}{4}$ -inch diameter	55,613.6 feet
258	1-inch diameter	7,297.3 "
3	1 $\frac{1}{4}$ -inch diameter	83.3 "

24 1½-inch diameter	994.0	“
41 2-inch diameter	922.5	“
1 2½-inch diameter	17.0	“
2 3-inch diameter	44.1	“
6 4-inch diameter	136.0	“
4 6-inch diameter	107.1	“

Total length of service pipe . . . 65,214.9 feet.

Number miles of service pipe, 12,351.

Seventy-two water takers have been added this year, making total number to date two thousand eight hundred and eighty-seven.

Thirty-one services are shut off temporarily on account of vacancy, and eleven are shut off for non-payment of rates.

Water is supplied to the following :—

Families	.	.	.	2,890	Slaughter-houses	.	.	2
Stores	.	.	.	59	Cemeteries	.	.	8

ENGINEER'S REPORT.

SOUTH WEYMOUTH, Jan. 1, 1904.

To the Board of Water Commissioners and Superintendent of Water Works:—

GENTLEMEN:—I herewith present my report of operations at Pumping Station for year of 1903.

During the past year I have followed up the practice of getting right after repairs as soon as they were found necessary, and using my other spare time in making changes and improvements, which have shown very good results in the efficiency of the station.

The consumption of water during the hot weather, at the time when the whole town was drawing from the stand-pipe, and during the latter part of May, and first part of June, was more than this station was equal to handle, and this with both pumps in first-class condition. Between the hours of 5.30 p. m. and 8.00 p. m., for two weeks steady, pumping for the whole town, and both pumps running at full capacity, or pumping 147,000 gallons per hour, I found that stand-pipe was losing 3 feet, or 28,200 gallons per hour.

This would make for the two and one-half hours above mentioned, amount pumped, 367,500 gallons; amount lost in stand-pipe while pumping, 70,500 gallons; total consumption for the two and one-half hours, 438,000 gallons.

On a great many other days during the summer, between these hours, the station would barely hold the consumption.

The above figures, I think, will amply show the water takers, the reason why water should be used legitimately and not wastefully in this town during summer months, and for lawn sprinkling during stated number of hours only.

You will note by inspector's report, that the Hartford Steam Boiler Inspection and Insurance Co., has sent notice that the steam pressure on Number 2 boiler be considerably reduced, and

this to be done inside of a year from date of inspector's report, which practically means a new boiler, as this plant cannot stand for any such reduction of pressure carried.

This boiler has been in operation some fifteen years, or there about.

In regard to this matter of a new boiler I would suggest that it is well to bear in mind that the works are growing, and a boiler of capacity for future use be installed.

I would also suggest that when making this change, the condition and years of service of Number 1 boiler be taken into consideration, as this boiler shows signs of deterioration, as shell is pitting, and some of the rivets gradually wasting away, and I should say in two or three years at the most, this boiler will require a reduction of steam pressure, as boiler has seen about nineteen years of service, being the first boiler installed in the equipment of the station.

Following is a list of most important repairs made during the past year.

The large Deane pump was thoroughly overhauled by me; all machine work was shipped to Holyoke, and done at Deane Steam Pump Co's. shop, while I was making the repairs on same at station of parts which I found unnecessary to send away. I found it necessary to reline up this whole machine, as one side had shown signs of considerable settling.

Two high pressure cylinders were rebored; one new 20 inch low pressure cylinder was put on, taking place of cylinder which was cracked; piston rods trued up and stuffing-boxes rebushed; piston rods on water end recovered with brass tubes; plunger rings rebored and new plungers fitted to same; new valve rods made; new high pressure pistons and rings made; slide valves and seats refaced, etc., etc.

The steam end of this pump and all connecting pipes were recovered with asbestos covering after the completion of the work, and the machine started up and has done excellent service ever since.

Under No. 2 boiler I put new fire boxes, and re-bricked over same, and also changed style of setting under this boiler, doing away altogether with second bridge wall, changing combustion chamber and pitching grates, and after making these alterations this boiler showed a considerable gain in efficiency.

No. 1 boiler was reset, the brick work being in very poor condition.

This setting was put in the same as No. 2 boiler after making the changes, and showed a considerable gain in efficiency.

Repiped water column connections with brass pipe and brass-fittings throughout.

Six new tubes were put in boilers, and those which I took out were in very poor condition.

Blow-off pipe from boilers under floor was renewed.

The hot-well I completely closed in by laying a slate slab in cement, and putting in man-hole cover for access to well for cleaning.

Repiped steam guages in boiler room and took out and replaced such other old pipes as required renewing.

Re-wired telemeter wires inside of building; made changes of improvement about the grounds outside of station, etc.

I should like to see a few heavier poles set at some places on telemeter line, as some of present poles are in very poor condition and one pole having been broken off during a severe storm, crossing telemeter wires with wires of much higher voltage.

I have seen to it that all employes in any way connected in the operation of this station have received their proper licenses, so as to comply with the State law to that effect.

The value of the repairs and alterations made, and also value of keeping plant in perfect repair (laying aside the necessity of such in summer service) may be clearly shown by reference to the following records of performance of both pumps, showing a very increased efficiency in gallons of water pumped per pound of coal, based on total consumption of coal since I started in to make repairs.

Yours respectfully,

C. B. KLINGEMANN,

Engineer.

[REDACTED]

EAST WEYMOUTH, Oct. 15, 1903.

At a meeting of the Water Commissioners of the town of Weymouth, held this evening, action was taken on the death of Frank H. Mason, and the following resolutions were presented and passed :

WHEREAS, Death has removed from our midst our late chairman and fellow member, Frank H. Mason ; and

WHEREAS, We desire to express our appreciation of his character as manifested in his dealings with us ; therefore

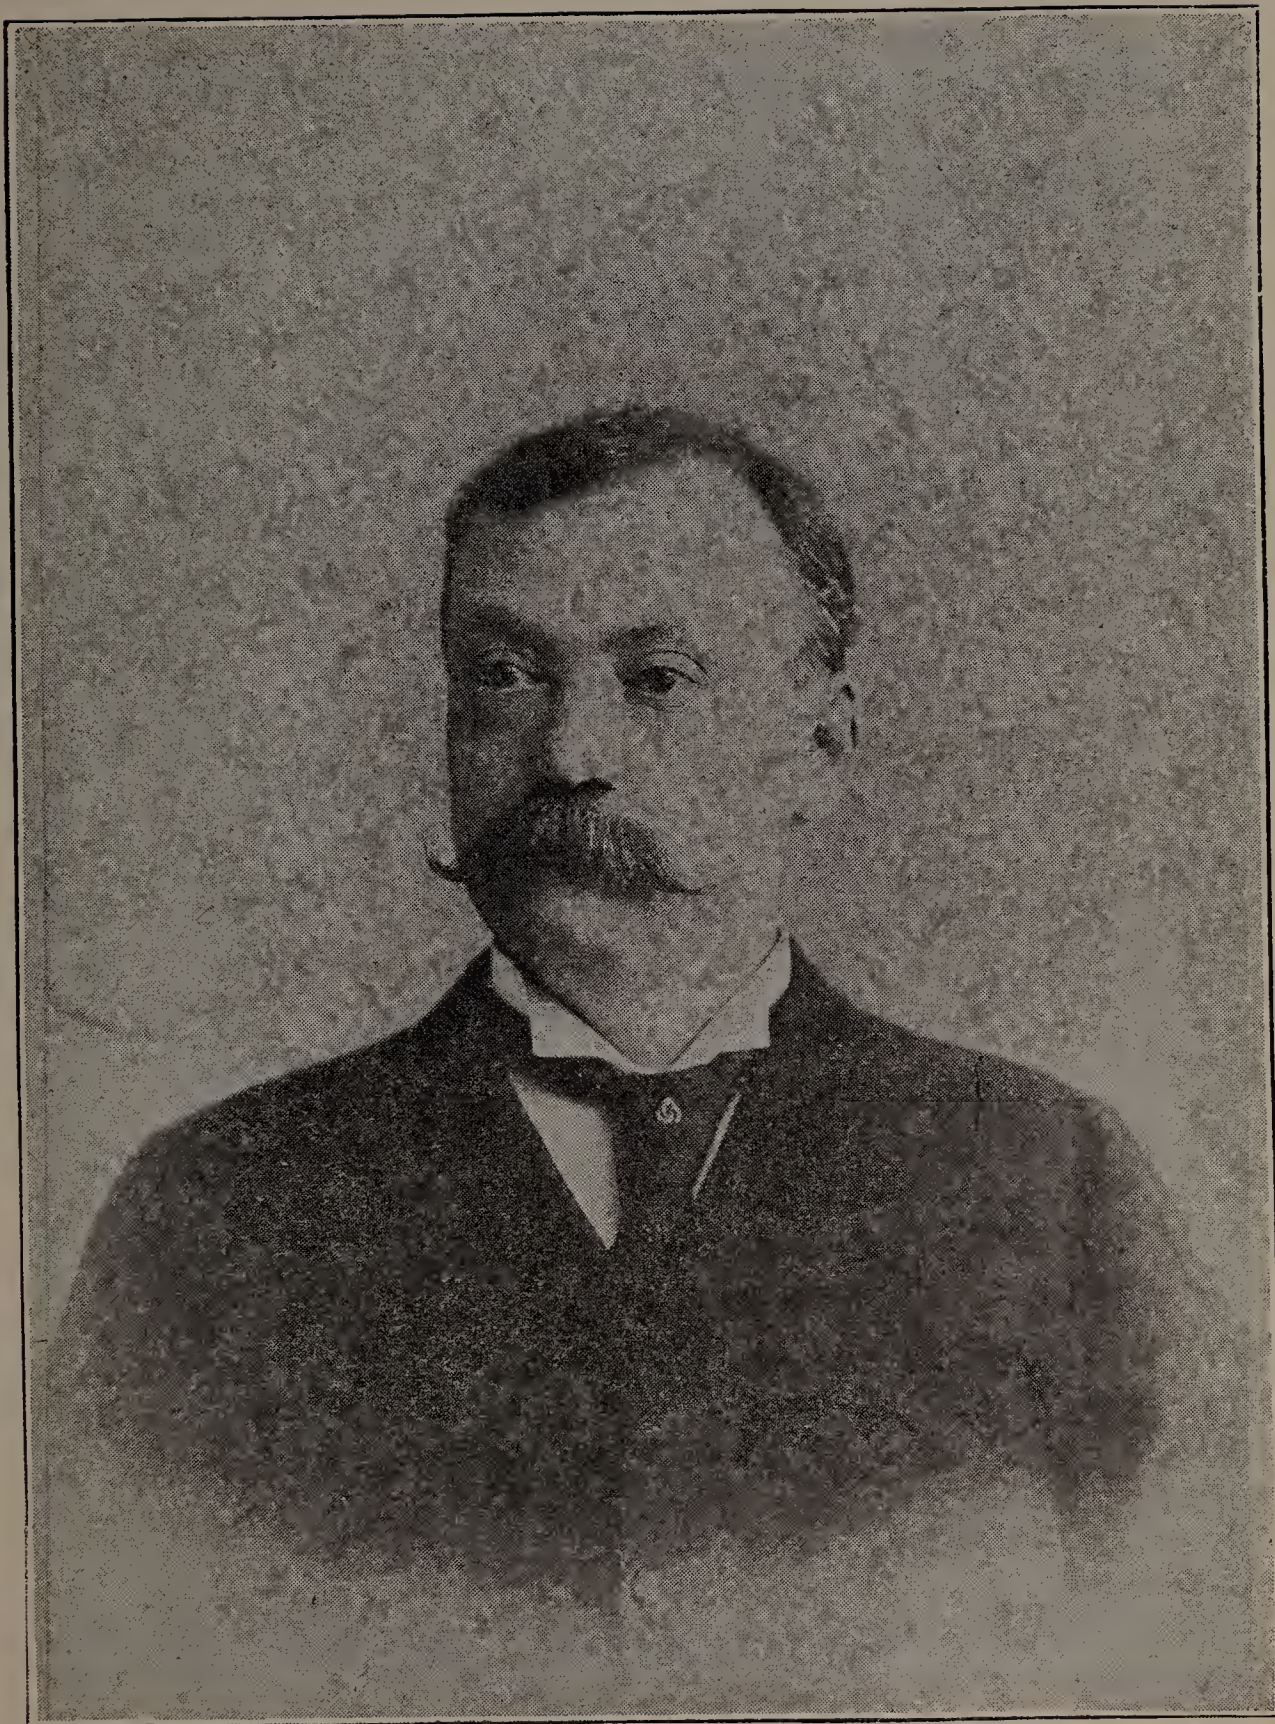

RESOLVED, That in his death we keenly feel the loss of one who has endeared himself to us by his honest and upright manner and the sterling qualities exhibited by him at all of our meetings.

RESOLVED, That the town has lost a public-spirited citizen, an energetic and faithful servant.

RESOLVED, That realizing the solemn fact that each heart must bear its own sorrows, we desire to soften the bitterness of that grief by our tenderest sympathy, and while we mingle our tears with those of the stricken family of our departed friend, will still feel that "God's time is the best time," and that the Infinite Father doeth all things well.

RESOLVED, That a copy of these resolutions be spread upon our records and a copy be tendered to the bereaved family.

[REDACTED]

FRANK H. MASON.

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF WEYMOUTH.

1903.

WEYMOUTH, MASS. :

1904.

REPORT OF THE SCHOOL COMMITTEE.

SCHOOL COMMITTEE FOR 1903.

	Term Expires.
Ward 1, Wm. A. Drake, M. D. . . .	Mar., 1906
Ward 2, T. J. Evans	Mar., 1905
Ward 3, H. Franklin Perry	Mar., 1904
Ward 4, Frank E. Loud	Mar., 1906
Ward 5, Geo. L. Wentworth	Mar., 1904
At large, Mrs. Mary E. Holbrooke	Mar., 1905

STANDING COMMITTEES.

Teachers.—Mrs. Holbrooke, Messrs. Perry and Evans.

Fuel.—Messrs. Loud and Wentworth.

Repairs.—Messrs. Evans and Wentworth.

Text-books.—Messrs. Loud, Drake and Evans.

Finance.—Mr. Wentworth and Mrs. Holbrooke.

Supplies.—Messrs. Drake, Evans and Perry.

CHAIRMAN.

T. J. Evans.

SECRETARY.

Elmer E. Sherman.

SUPERINTENDENT.

Elmer E. Sherman. Address, East Weymouth. Office hours: At the close of school, Monday, Athens building; Tuesday, Jefferson building; Wednesday, Howe building; Thursday, Hunt building.

Regular meetings of the Committee, first Tuesday evening of each month, at office, High School building.

To the Citizens of the Town of Weymouth:

The School Committee respectfully present their report for the year ending December 31, 1903:

The report of the Superintendent is full and complete as applying to the educational system in the schools. It has been accepted by your school committee and is incorporated as part of their report to you. The Town Accountant presents the financial statement correctly and intelligently.

In addition to the foregoing we desire to make a brief report applying to appropriation and expenditures.

At the last Annual Town Meeting the appropriation for schools was	\$50,000 00
One-half dog license fees	500 66
Received from State Treasurer for tuition of non-residents	67 50
Total	<u>\$50,568 16</u>

The appropriation was divided as follows :

Salaries of teachers, including Superintendent, Music and Drawing	.\$34,600 00
Salaries of Janitors	3,500 00
Repairs	3,000 00
Supplies	3,400 00
Fuel	3,800 00
Incidental expenses	300 00
Miscellaneous	500 00
	<u>\$49,100 00</u>

The expenditures are as follows :—

Salaries of teachers including Superintendent, Drawing and Music	\$34,542 47
Salaries of janitors	3,613 39
Repairs	2,211 61
Supplies	4,574 68
Fuel	4,675 68
Incidental expenses	280 00
Miscellaneous	423 01
Total	<u>\$50,320 84</u>
Salaries of Teachers evening school	206 70
	<u>\$50,527 54</u>

From statement as submitted it will be seen we have exceeded appropriation.

Janitors	\$113 39
Supplies	1,174 68
Fuel	875 68
And have expended for repairs less than appropriated	788 39

The increase for supplies was made necessary for several reasons.

1. The establishment of a business course of study at High school which necessitated the purchase of additional typewriters, and supply of stationery, etc., wholly different from general use.

2. The advancement in drawing required more costly supplies than used previously.

3. Contagious diseases which obliged the committee to destroy books, etc., and in some instances all books, papers, etc., in school rooms.

4. The establishment of uniform text-books for reading and spelling in all grades, the miscellaneous character of the books in use being detrimental to best results.

5. The establishment of evening school made necessary an increased demand from stock of general supplies which are included in amount reported as expended under this item.

FUEL.

The increase for fuel is caused partly on account of modern school buildings and partly by reason of the increase in the cost of coal, and also the severe winter.

REPAIRS .

In regard to repairs, we endeavored to be economical, particularly from the fact that no provision was made by the town for the deficit reported last year, but we believe this to be questionable policy, as many of the buildings have been built many years and constant repairs are needed.

DEFICIT.

In our report last year we reported an estimated deficit of \$2,500. As the report of the committee covered the period from

December 31, 1901, to December 31, 1902, and as the appropriation applies until April 1st, it can be seen readily that any amount unexpended or a deficit must be estimated. We made as liberal allowance as possible, but the extremely high price of coal during January, February and March, 1903, necessarily increased the amount of deficit, and instead of \$2,500 it was \$3,534.57.

RECOMMENDATIONS FOR APPROPRIATION, 1904.

We respectfully recommend and request the following appropriation (\$50,000), viz. :

Salaries of teachers, including Superintendent, Drawing and Music	\$3,500 00
Salaries of janitors	3,600 00
Repairs	3,000 00
Supplies	3,500 00
Fuel	3,500 00
Incidental expenses	300 00
Miscellaneous	500 00
	<hr/>
	\$49,400 00

This amount if appropriated will allow opening evening school, as required by law.

For transportation of scholars \$1,500 00

We also request an appropriation of \$3,500 to cover deficit as per foregoing statement.

Respectfully submitted,

T. J. EVANS,
 MARY E. HOLBROOKE,
 WILLIAM A. DRAKE,
 H. FRANKLIN PERRY,
 GEORGE L. WENTWORTH,
 FRANK E. LOUD,
School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the School Committee of Weymouth :

In accordance with the rules of your Board, I respectfully submit to you and to the citizens of Weymouth my annual report of the schools.

First, I wish to touch briefly upon some of the ideals and achievements along the four main lines of school work, viz. : Language, Mathematics, Science and History-Literature. These groups may be sub-divided as follows :

LANGUAGE.—1. English, spoken and written, including reading, composition, spelling, penmanship, grammar and rhetoric.

2. Ancient and modern foreign languages.
3. Stenography and type-writing.
4. Drawing.
5. Music.
6. Manual training.

MATHEMATICS.—1. Arithmetic.

2. Algebra.
3. Geometry and advanced mathematics.

SCIENCE.—1. Nature study.

2. Geography.
3. Physiology.
4. Physics.
5. Chemistry.
6. Physiography, etc.

HISTORY-LITERATURE.—1. Myths and fables.

2. Gems of poetry and prose.
3. United States history.
4. English history.
5. Ancient history.
6. General history.
7. American and English literature.

While courses in these subjects are distinctly outlined, in the actual teaching they are so interdependent that each helps the others, and the student is lead to a realization of the correlation of all subjects of knowledge.

It may be well to discuss the matter in the three stages of primary, grammar and high school work.

PRIMARY WORK.

During the first years of school life thought is expressed largely by doing and speaking, the written expression coming later.

The child is encouraged to express himself about matters and things in which he is interested. The teacher teaches mainly by imitation. She talks with the child, using simple English correct in construction, grammar and pronunciation. She helps him, little by little, to do the same. She tells him stories of the nature-life about him, reads or tells him myths of the ancient world, the beginnings of history in the childhood of civilization. These he retells in his simple language. He draws, expressing thoughts he cannot write. He makes things by means of scissors and thread and paste, and so learns definite facts of form and color. He sings rote songs of childlife and of nature. He is led to observe the simple phenomena of nature that he may early form habits of observation. He plays games involving a regard for the rights of others, physical training, number, music, form and color. This work occupies the first year of the five-year-old. When he is about six years of age he is ready to add to his activities by learning to read and to do simple work in numbers.

The method of learning to read is as follows: His attention is called to some common objects and their names written for him upon the black-board. He learns to recognize the words and to speak them. He learns the sounds represented by the letters of the alphabet and by combinations of letters. He learns short sentences made from the words he knows. Then he is given a book containing similar words and sentences. He reads several such books the first year. The last of the year he learns the alphabet; learns to spell his words; learns to write them upon the board and later to draw them in large hand upon paper. By the end of the fourth year he reads and writes readily.

He takes up mathematics; practices counting in various ways; learns to measure quantity, to construct, compare, separate and

estimate; learns by the end of the fourth year the facts and processes of addition, subtraction, multiplication and division.

Thus in the first four years of school a foundation is laid upon which the later structure may be reared. That this foundation should be well laid without haste or waste is very important. The successful accomplishment of these aims implies a high degree of culture, training and skill on the part of the teacher. A high school teacher may bungle in method without the far reaching results which would follow from a similar blunder in the primary school. The public is coming to demand teachers of culture and training in the primary grades and is willing to pay for them.

I found the first and second year classes in this town in advance of similar grades in many other towns, in reading and number, while the intermediate grades were in many cases below the usual standard. Our intermediate grades teachers are on the whole as good as the primary teachers, and the cause for the poor grade of intermediate work must be sought for elsewhere. There is a tendency to hurry the children in the first year or two. They are put immediately upon entering school at five years of age, or under, upon the intensive study of reading and arithmetic to the neglect of the development of their powers of observation, imagination and expression. The result of this haste, or wrong order of instruction, is seen later on in the arrested progress of the intermediate grades. When I consulted the primary teachers concerning a change in the course, they replied that, unless the usual ground were covered, parents would think their children were not learning anything. This is another illustration of the fact that the schools of a community are what the people demand.

According to the regulations of the Board, children are first admitted to school at the age of four years, eight months. Many are sent at this tender age. The first grade work of the course of study is designed for children of six years of age, consequently in most of the first-year rooms there is a sub-primary division, to which work suitable for these little ones is given. In some buildings there are enough of these small people to fill a room.

GRAMMAR WORK.

The work of the primary grades well done, the pupil readily grasps the requirements of the grammar school. In the early years of the grammar school he continues his language study and

follows the oral with the written expression of thought. In penmanship he has learned the correct forms of the letters and is ready to acquire the freedom of the arm and muscular movements. The drill of the fifth, sixth, seventh and eighth years should produce rapid, legible penmanship. He writes short compositions and friendly and business letters; drills upon spelling, oral and written; enlarges his knowledge of literature and memorizes choice selections; drills upon expression in oral delivery; learns facts of geography and history, and drills upon mathematical processes for accuracy and facility. In the upper grammar grades he begins to see the relations of words, to reason more clearly in mathematics, to look for cause and effect in science and history, to feel the spirit in literature and to see the beautiful in nature and in art.

Are we achieving these ideals in the grammar grades? It must be confessed that in many things we fall short of our possibilities. Our grammar school graduates often fail in accuracy and facility in arithmetic, in the ability to spell and to express themselves in simple, correct English. Many have not acquired a taste for good reading; they have no methods of research when they desire information, and too few have realized those two important factors in any person's success in life, the habit of hard work and sturdy integrity of character.

It is quite possible to strengthen these weak places, and next year's report may note improvement in this direction.

HIGH SCHOOL WORK.

In Weymouth a comparatively large percentage of the students are found in the high school. The State average is between eight and nine per cent. of the total enrollment. In September 1903, our high school contained over eleven per cent.; the grammar grades, fifth to ninth years inclusive, over forty-two per cent.; and the primary grades over forty-six per cent. of our total enrollment.

The high school student's work is a continuation of his previous study, ever enlarging in scope and deepening in content, thus demanding closer application and increased mental power. Previous to this time his work in any one year has been mainly under the direction of a single teacher; now he recites to several

each day. He is thrown more upon his own resources in the preparation of his lessons. The ninth year has prepared him in some measure for this, while the tenth year teachers realize that he is not yet able to work with the independence of a later year.

In the high school the student is called upon to select his work from a list of possible subjects.

Tastes, ability and plans for the future should be the guide in this selection of courses. If possible he should decide upon what he would like to do after graduation from the high school, whether it is to be home, business, college, technical or normal school, and if one of the higher institutions of learning, which one. If this is settled at the outset, he can bend his energies toward a definite preparation, and so save time.

WEYMOUTH HIGH SCHOOL—PLAN OF WORK.

GRADE X, FIRST YEAR.	GRADE XI, SECOND YEAR.	GRADE XII, THIRD YEAR.	GRADE XIII, FOURTH YEAR.
<p>English required. Elect three additional courses.</p> <ol style="list-style-type: none"> 1. Mathematics { Algebra, ele. I. 2. Science I. Physics, ele. 3. History I. Ancient. { Commercial Arithmetic. Commercial Geography. 4. Business I. { 5. English I. 6. Latin I. 	<p>English required. Elect three additional courses.</p> <ol style="list-style-type: none"> 1. Solid Geometry. 2. Science { Advance Chemistry and Physics. 3. Science IVb. Physiography. 4. History IV. { United States. Civil Government. 5. English IVa. Literature. 6. English IVb. College. 7. Latin IV. 8. French III. 9. German II. 10. Business IV. { Banking. Stenography. Typewriting.

The preceding plan of high school work was adopted during the past year.

It is largely elective. A student may make his own selection of the required amount within the limits of the daily program and subject to the approval of the principal. Courses in stenography, typewriting and German have been introduced. The business subjects are so arranged that in four years the student may graduate well grounded in general business principles, with the power to express himself in good English and with a working knowledge of French or German. German and French are both required for entrance to the Massachusetts Institute of Technology. At present there are sixteen Greek students in the high school, in three classes, requiring over half the time of one teacher to instruct. The colleges now offer beginners' Greek, and it would seem better for the few desiring that study to begin it in college and relieve the high school of an expensive task.

No claim is advanced that the above course is perfect. Improvements will be made as the need for them appears. The great merit of an elective course is that it gives the students the opportunity to get from the school what they need, or, in other words, such a course aims to make the school of more service to the individual student. An elective course offers an excellent opportunity for special work. A number of pupils have come in during the year for special work, and one for post graduate work.

The New England College Entrance Certificate Board has given our high school the privilege of granting entrance certificates to Amherst, Bowdoin, Dartmouth, Tufts, Mount Holyoke, Smith and Wellesley colleges, and to Brown, Wesleyan and Boston Universities. A special certificate privilege has been received from Vassar College.

Weymouth High School graduates to the number of forty-eight are now students in higher institutions of learning, distributed as follows: Boston University 10, Tufts 7, Massachusetts Institute of Technology 6, Dartmouth 5, Bridgewater Normal 5, Mt. Holyoke 3, Harvard 2, Brown 2, Simmons 2, Colorado College 1, Vassar 1, Wellesley 1, Wesleyan 1, Boston Normal 1, Wheelock's Kindergarten Training 1.

Weymouth alumni who have graduated from college or technical school are not included in the above enumeration.

The school, with the approval of the teachers, has adopted the following regulations governing the membership of athletic teams :

ARTICLE I. Any marked breach of discipline may, in the judgment of the teachers, be sufficient cause for removing one's name from the list of eligible players.

ART. II. No pupil in the school shall be deprived of his membership on any school team previous to the first bi-monthly report, except under Article I.

ART. III. A failure to maintain a general scholarship of 70% for any month, beginning October 1, shall remove one's name from the list of eligible players.

ART. IV. Any pupil's name once removed from the list for failure to maintain an average of 70% may be re-entered upon the list of eligible players at the end of the first month during which he has attained such a rank.

ART. V. By a special vote of the teachers a condition may be removed before the end of the month.

Other regulations provide that the manager and treasurer shall be selected from among the teachers.

While the high school bends its energies towards fitting the students for higher institutions, it should not neglect the primary object of all schools supported at public expense, that of training its charge in good citizenship. From the fourteenth to the eighteenth year inclusive is a period of radical change in the mental and physical attributes of the individual. The people with whom he has most to do, those to whom he looks for instruction and inspiration, have it in their power to determine which sort of the youth's latent instincts, the evil or the good, shall come to the fore, and so give the bent to his whole future career. It is pre-eminently the opportunity of the high school to mould manners and to develop character. How very important, then, that the high school teachers should be men and women of broad sympathies, true refinement, high ideals and liberal culture.

This brief outline of school work will serve to give a birdseye view of what the schools are attempting to do. Every normal child should complete the grammar course and every child of average ability should graduate from the high school. Boys especially, in these days of progress in trade and industry, and when broad citizenship is more than ever demanded by the Republic, should obtain, at least, a high school education.

In addition to what has already been said of the general work, a few words in regard to music and drawing may be of interest.

MUSIC.

Our system of music is one of the latest published. It is used in Boston, Worcester, Brockton, Holyoke, Lynn, Newton, Quincy and a hundred other of the towns and cities of Massachusetts. In the lower grades the work seems to be moving smoothly, but above the sixth grade the results are disappointing. One of the causes for this condition in the grammar grades is the fact that the pupils' voices are changing and their uncertainty of tone renders them timid in expression. In the high school only one lesson a week, and that devoted wholly to chorus practice, is insufficient to keep the voices in training, not to mention any advance in musical knowledge.

* DRAWING AND MANUAL TRAINING.

The supervisor of drawing, Miss Annie A. Robinson, gives two days each week to the work in Weymouth. Two lessons are given in the high school, including mechanical and free-hand drawing. These classes number about fifty pupils. The fifty rooms below the high school each receive a lesson from Miss Robinson about once in three weeks. In addition, the regular teacher gives two lessons a week. Miss Robinson holds a meeting each week after school for the instruction of the teachers, one in each section of the town each month.

The results in drawing are very satisfactory. This is especially true in those rooms where the regular teacher has had training in drawing herself, or lacking that, is willing to prepare herself to carry out the supervisor's instructions.

The object of teaching drawing is not to make artists any more than the aim in teaching reading and writing is to produce writers of books. If a child gets the power of observation, the ability to express his thought by a drawing, he has gained a new language and increased his brain capacity. Drawing enters into all the trades. A man is a better bricklayer or carpenter if he can sketch a plan of what he has in his head. Some people earn a living by drawing, and if a child finds through the work in school that he has a talent for drawing, so much the better. How much richer is a human soul if he can appreciate the beauty which the Creator

* The cover design of the school report is by Eva L. Dunbar of the high school.

has lavished upon the earth! It helps him to be happy, and to be happy makes for righteousness and content and good citizenship.

Drawing is a kind of manual training. It is believed by wise people that any country to be a leader among the nations of the earth during the twentieth century must excel in industrial and commercial pursuits.

The great powers of Europe are making vast strides in these directions, and they are educating their youth at great expense to meet the emergency. Can America afford to lag in the race? Can New England, especially, expect to win on any other lines? The truth is we must train the hands as well as the brains of the children, that we may be able to successfully compete in the markets of the world.

Through the public spirit of the citizens of the south village a room has been fitted up in the basement of the Fogg library with sixteen benches for wood working. Here the boys of the seventh, eighth and ninth grades of Wards 4 and 5 receive one lesson a week under a competent instructor in manual training. It is hoped that the good work will go on and that the children of other parts of the town may be given like advantages.

LIBRARY AND SCHOOL.

One way to have a public library grow in service to the community is to train the young people in its use. This is evidently the opinion of our librarians, for they have extended every courtesy to teachers and pupils, and have sought in many ways to have the libraries supplement the work of the schools. From the Tufts library boxes containing some twenty-five books have been sent to many school buildings at a distance from the library. These books have been used by the scholars for a term and then exchanged for fresh volumes. I wish to extend the thanks of the School Department to the library authorities for their aid to the schools.

MORAL AND RELIGIOUS INSTRUCTION.

At the present time much is said about the moral and religious teaching of children, and opinions differ as to just what is the proper function of the public school in this respect. Undoubtedly the school should share in the great work, but the home, the church and the community are also responsible.

A well conducted school by its organization, discipline and instruction instills numerous virtues, such as order, regularity, punctuality, obedience, industry, perseverance, neatness, respect for law and proper authority, regard for the rights of others, justice, patriotism, truthfulness, integrity, temperance and purity. The great moral force of a school is the personality of the teacher. Those who regard religion as essentially a manner of life claim that the schools do teach religion, while those who regard religion as largely institutional think that the public schools are Godless, because no instruction in religious dogma is attempted.

United States Commissioner of Education Dr. Wm. T. Harris makes a distinction between religious and secular instruction. He says that the most value accrues from the study of the usual subjects of knowledge when the student approaches his work in an enquiring and critical attitude of mind. Religious truth, on the other hand, appealing to the spiritual nature, is best received in an exalted frame of mind, that the revelation may touch the soul. Such truth should be taught authoritatively. He concludes that to attempt to teach religious and secular truth in the same way or at the same time is detrimental to the best results in either.

One thing is certain that with the decline of home training and the increase of the influences from the street a much greater burden is thrust upon the school and the church. This increased responsibility the school is trying to meet in various ways; by raising the standards for teachers, by improving the courses of study, by providing more healthful and attractive school buildings and surroundings, and, in the large cities especially, by extending educational influences through vacation schools, athletics, school gardens and evening sessions conducted on social lines.

TEXT-BOOKS.

In the primary and grammar grades the text-books were scanty and in poor condition. They differed in kind in the several wards. The effect of this lack of uniformity was felt when the pupils from different schools came together in the upper classes. It was difficult for them to work together because of the lack of a common preparation in the essentials. Little good reading material existed in the grammar grades. This need has been partially supplied.

Much attention is being given to reading and to the study of good literature. Owing to the prevalence of contagious diseases in some schools many books have been burned. For these various reasons the amount expended for text-books has been large.

MEDICAL INSPECTION.

The law requires children to attend school and the authorities are in duty bound to take every precaution to protect their life and health while in school. The buildings and their surroundings should be kept in proper sanitary condition and be provided with adequate means of exit in case of fire. As far as possible children should be protected from exposure to contagious diseases, and it is an excellent thing for the teacher to know the physical condition of each pupil. A child is often called stupid when the trouble is due to defective sight or hearing or adenoid growths, or some other physical defect unknown to parents or teachers. This calls for expert inspection such as a physician alone can give. If on the Board of Health there was a physician who could make the rounds of the schools, and upon whom the teachers might call for advice in special cases, a decided benefit would accrue to the children in the prevention of disease. This is not intended as a reflection upon our present Board of Health, who are as efficient as people without special medical education and experience can be. I believe they will heartily indorse my recommendation because they realize more fully than others the great need that exists for expert medical supervision of the schools.

METHODS OF MARKING AND PROMOTING PUPILS.

The method formerly in vogue was to promote from the per cent. obtained by the pupil in a written examination at the close of the school year. This plan was thought to be unfair to the child who could not express himself easily in writing or who might not be feeling well at the time. It subjected the child to a severe nervous strain to which physicians objected. It encouraged "cramming" and placed the emphasis upon memory rather than ability, and, at best, discovered what the child didn't know rather than what he did know. The method now in use in our schools is very different. The teacher keeps a weekly record of the child's work,

manual, oral and written. The record is the teacher's estimate of the pupil's accomplishment, and is expressed for convenience in figures on the basis of one hundred, twenty points to the hundred. For example, the pupil receives for his week's work in a given subject 65, 70, 75 or 80, etc., according to the teacher's judgment of the value of the work. These figures are not given to the child. Once in eight weeks cards are sent home to the parent bearing the average of these estimates expressed in letters. B means 50 or below, P from 50 to 70, F from 70 to 80, G 80 to 90, E 90 or over. A plus sign following P indicates 65. This allows a difference of two points between each letter. The ranks are made public by letters to avoid as much as possible the petty rivalries which often cause nervous strain and unpleasant feeling between ambitious children. The teacher will, however, give to any parent who requests it the rank in figures.

In addition to the bi-monthly report card, the teachers use a special blank, which is sent to the parent monthly if the child is poor in his work, deportment or attendance. To secure unconditional promotion at the end of the year the pupil's five bi-monthly ranks should average at least 70 out of a possible 100.

At the close of the first half of the school year in February a general review of the work done since September is taken. Just before this review the teachers recommend to the principal and superintendent any pupils who have been doing advanced work in their classes with a view to "double" promotion. The work of these pupils is examined, and if everything seems favorable they are placed in the next higher grade on trial, and they take the review work with that grade. If their ability warrants, they are allowed to complete the year with the class and to go on with that grade in September. Double promotion can be most easily taken in the intermediate grades. Children are also placed in the class above or in the class below at any time when, in the judgment of the teacher, principal and superintendent such change would be a benefit.

It will be seen that this system of marking and promotion is designed to give each child credit for all that he does, and to make his industry and ability the measure of his progress.

TEACHERS' SALARIES.

Our teachers are a faithful, industrious, and enthusiastic corps of workers. The public demands much more of teachers now than formerly. They are obliged to spend several more years in preparation, and their work requires more nervous energy and many hours outside of school each day. They are obliged to keep up with the times by reading books and papers, by attending conventions and lectures, by travel, and by work in summer schools. They are expected to dress in good taste, to live well, in short, to be people of refinement. All this takes money. Few, if any, have the strength or opportunity to earn anything during vacations. On the contrary vacation is their only time for extra study and travel. As soon as the teacher fails in health, eyes grow dim, or ears grow dull, he is unfitted for his work and finds himself without money or means of livelihood.

The day laborer at two dollars a day in three hundred working days receives six hundred dollars. The maximum salary of our teachers below the seventh grade is four hundred and seventy-five dollars a year. It ought to be at least five hundred dollars a year.

EVENING SCHOOL.

In compliance with the demands of the State law, an evening school was opened in the Franklin School Building, East Weymouth, November 3, 1903. The school sessions were held on Wednesday, Thursday and Friday evenings of each week, from 7.30 to 9.15. The first week witnessed an average attendance of 98 pupils, with 5 teachers in charge. By the second week the attendance was reduced to 73, and afterwards steadily decreased. The average attendance for November, December and January was 34.

Work in arithmetic, English (including reading, spelling, penmanship, composition and grammar), United States history, geography, bookkeeping and drawing was offered. Teachers from among our most skilful day-school instructors were employed, and the rooms were well lighted and heated.

Many of those who at first applied were evidently attracted by the novelty of the thing, and the desire for a "good time." Others became impatient before the task of organizing the work for such a motley collection of students could be completed.

Many had attended the day schools for from eight to twelve years, and desired more advanced work than the above-mentioned subjects include, and only a few possessed the necessary perseverance and energy to attend regularly. One small class of illiterate foreigners, compelled by law to attend, made rapid progress in reading and speaking English.

THE COST OF THE SCHOOLS.

It is worth while to look carefully at the facts of school expenditure that we may know how and where the money goes. In round numbers :

The appropriation was	\$50,000 00
Salaries of 62 teachers and superin-	
tendent	\$35,000 00
Salaries of 13 Janitors	3,500 00
	<hr/>
	38,500 00
	<hr/>
	\$11,500 00

This leaves some \$11,500 to pay for fuel, to keep the eighteen buildings in repair, and to buy text-books and supplies for the over twenty-two hundred school children enrolled in our schools. A little thought will convince any one that there cannot be much unnecessary expenditure by the school department.

I will close with an expression of gratitude for the courtesy shown me by the board, the teachers, the pupils and the townspeople. I have been frequently encouraged by the evident interest manifested by the citizens in their public schools.

Respectfully submitted,

ELMER E. SHERMAN,

Superintendent of Schools.

APPENDICES.

I. School Laws in Brief.

1. All children between 7 and 14, unless sick, feeble-minded, at an approved private school, or otherwise instructed in branches required by law, to the satisfaction of the School Committee, must attend the public school during the entire time of each school year. Penalty to parent or guardian for failure in attendance for five days' sessions within any period of six months, \$20.—*Revised Laws, Chap. 44, Sect. 1.*

2. No child under 14 shall be employed "in any factory, workshop, or mercantile establishment." "No such child shall be employed in any work performed for wages or other compensation" during the hours when the public school is in session, nor before six o'clock in the morning, nor after seven in the evening.—*Chap. 106, Sect. 28.*

3. No child under 16 shall be employed in any factory, workshop or mercantile establishment without a certificate from the Superintendent of Schools. He must present an employment ticket from the person who wishes to employ him, on applying for a certificate. The father, if living and a resident, must sign the certificate of age; if not, the mother; if neither, the guardian.—*Chap. 106, Sects. 29, 30, 31, 32.*

4. Children between seven and sixteen must either attend school or be regularly employed.—*Chap. 46, Sect. 4.*

5. Whenever a child is absent from school for the whole or a part of a session a written excuse stating cause of absence, and signed by parent or guardian, must be presented by the pupil on his return to school.—*Chap. 44, Sect. 1.*

6. "A pupil who is not present during at least half of the session shall be marked and counted as absent for that session."—*Chap. 43, Sect. 10.*

7. While a public evening school is maintained in a city or town in which any minor who is over fourteen years of age and

who does not have a school certificate resides, no person shall employ him unless he is a *regular* attendant at such evening school or a day school. Any minor not holding a certificate shall furnish to his employer a record of his attendance each week while the evening school is in session. Unexcused absences from the evening school shall be deemed *irregular* attendance. Fine to parent or guardian, \$20, and to employer, \$100.—*Revised Laws, Chap. 183, Sect. 35*

8. Children must be vaccinated before attending school, but a certificate from a regular physican, saying a child is an unfit subject for vaccination, allows attendance.

No child can attend school from a household in which there is a case of smallpox, diphtheria, scarlet fever or measles, or from a household exposed to a contagion from a household as aforesaid. Two weeks after the death, removal or recovery of the patient in a case of the first three mentioned, or three days after in a case of measles, the child may return on presentation of a certificate from the attending physican or from the Board of Health.—*Chap. 44, Sect. 6.*

9. "A child under fourteen years of age who persistently violates the reasonable regulations of the school which he attends, or otherwise persistently misbehaves therein, so as to render himself a fit subject for exclusion therefrom, shall be deemed to be an habitual school offender and may upon complaint by a truant officer, and conviction thereof, be committed, if a boy, to a county truant school for not more than two years, or to the Lyman school for boys, and, if a girl, to the state industrial school for girls."—*Chap. 46, Sect. 5.*

10. Every child, of whatever age, enrolled as a member of a public school is subject to the regulations governing the attendance and behavior of the other pupils of the school, and the attendance officers shall enforce the same.—*Chap. 44, Sect. 3; Chap. 46, Sects. 4, 13.*

11. "The last regular session prior to Memorial Day, or a portion thereof, shall be devoted to exercises of a patriotic nature."—*Chap. 42, Sect. 20.*

12. A United States flag, not less than four feet in length, shall be displayed on the schoolhouse grounds or building every school day, when the weather will permit, and on the inside of the schoolhouse on other school days.—*Chap. 42, Sect. 50.*

SELECTIONS FROM THE REGULATIONS OF THE SCHOOL COMMITTEE.

Sect. 40. Every pupil is expected to attend school punctually and regularly; to conform to the regulations of the school; to observe good order and propriety of deportment; to be diligent, respectful to teachers, and kind and obliging to school-mates; to refrain entirely from the use of profane and vulgar language; to be clean and neat in person and clothing; and when dismissed at the close of each session to go promptly and quietly home, unless otherwise directed by parents or guardian.

Sect. 44. In the school room the teacher has exclusive control of his pupils.

He may rightfully exercise the same full control over his pupils at any time while they are on any part of the school premises.

While the pupils are on their way to and from the school, the authority of the teacher is concurrent with that of the parent or guardian.

Sect. 47. Corporal punishment shall not be administered during the session in which the offence is committed, nor in the presence of other children.

Sect. 48. Detention of children. (a) No child shall be detained, under any pretext, at the close of the morning session, and teachers are expected to see that children do not loiter upon the streets near the school building; (b) No child shall be detained more than thirty minutes after the close of the afternoon session, nor below the tenth grade, be allowed to remain of his own volition over thirty minutes without previous arrangement with parent or guardian.

Changes of Teachers.—F:

The following is a list of the changes of teachers from January 1, 1903, to January 1, 1904:

RESIGNED.

Month.	Name.	School.
March . .	Florence E. Pratt . .	Washington, I.
April . .	Nellie B. Blodgett . .	Athens, III, IV.
June . .	J. B. Merrill . .	. High.
June . .	Sophronia B. Rich . .	. High.
June . .	Mable A. Fiske . .	. Athens, V.
June . .	Florence B. Hunt . .	. Washington, II.
June . .	Florence E. Pierce . .	. Tufts, III, IV.
August . .	S. Nellie Henderson . .	. Hunt, VIII
December . .	Jennie M. Cottle . .	. Jefferson, IV, V.

TRANSFERRED.

Month.	Name.	School.
March . .	Maria E. Hawes . .	Holbrook to Wash- ington, I.
September . .	Nellie M. Holbrook . .	Pratt Primary to Hol- brook.
September . .	Pauline Buckminster . .	Pratt Grammar to Bates, VIII.

DIED.

Month.	Name.	School.
June . .	Julia W. Melville . .	. Pond.
July . .	Mary E. Walsh . .	. Lincoln, II.

APPOINTED.

Month.	Name.	School
April . .	Anna L. Rowell . .	. Athens, III, IV
June . .	Mabel B. Estes . .	. Pratt Grammar.
June . .	A. Loretta Cronin . .	. Pond.
June . .	Katherine L. Bragg . .	. Washington, II.
July . .	Herman W. Farwell . .	. High.
July . .	Mary G. Fraser . .	. High.
July . .	Rosella A. Barton . .	. Athens, VII.
July . .	Ethel E. Foster . .	. Athens, IV, V.
July . .	Grace A. Randall . .	. Lincoln, II.
August . .	Anna H. Bradford . .	. High.
September . .	Ruth E. Parkhurst . .	. Pratt Primary.

Month.	Name.	School.
September .	Mary L. Sheehy . .	Hunt, VIII.
September .	Ellen M. Hahn . .	Tufts, III, IV.
December .	Florence G. Clapp .	Jefferson, IV, V.

It is with regret that I am obliged to record the removal by death of two of our faithful and efficient teachers. Miss Melville had taught in Weymouth over ten years and Miss Walsh for seventeen years. Both teachers put their best efforts into their work and received well-merited praise for their success. Not only the home circle but the community for which they toiled miss their helpful presence.

III. Roll of Honor.

The following pupils were not absent from a single session of the public schools during the time specified. The figure *one* (¹) after the name indicates that the pupil was not tardy. The record is to June, 1903.

NINE YEARS.

Harry B. Alvord,¹ High school.

FOUR YEARS.

Blanche C. Condrick,¹ Franklin school.

Sadie G. Lonergan,¹ Bicknell school.

Hilda R. Harris,¹ Shaw school.

C. Stuart Frawley,¹ Bates school.

Everett M. Holbrook,¹ Howe school.

THREE YEARS.

Charles Reidy,¹ High school.

Julia Allen,¹ High school.

Alice Morton,¹ Washington school.

Mary Descalzo,¹ Bates school.

Luigi Dondero,¹ Bates school.

TWO YEARS.

Lottie M. Murphy,¹ Harold D. Allen, Somers Fraser,¹ Edward P. Hunt, Carrie O. Burrell,¹ Marguerite McKeever,¹ Benjamin Hunt, Florence Lawler,¹ Marion L. Torrey,¹ Bessie A. Donovan,¹ Bernard Ruggles,¹ Ruth M. French,¹ John E. Reidy,¹ Karl I. Tirrell,¹ High school.

Mary Trask,¹ Leonard Bicknell,¹ Fred Quinn, John M. Liberty,¹ Charles B. Hunt,¹ Hunt school.

Ethel Hurley,¹ Athens school.

Ruth M. Reidy,¹ Bicknell school.

James Condrick, Grace Torrey,¹ Jefferson school.

Stacy Loud,¹ Shaw school.

J. Leo O'Dowd,¹ Irving Doble,¹ Bates school.

WEYMOUTH HIGH.

ONE YEAR.

Caroline Donovan.

Carl Reynolds.¹

Ellen Duffey.¹

Gertrude McEnroe.¹

Mildred Thomas.¹

Louise Vining.¹

Lawrence Kennedy.

Daniel Looney.¹

Percy Hutchinson.

Francis White.¹

Alice Lane.¹

Teresa Liberty.

Lillian Loud.¹

Alma Whiting.¹

Earle Bates.¹

Augustus Loud.¹

Leon Merchant.¹

Roy Stetson.¹

Clara Blanchard.¹

Nellie Looney.¹

Abbie Lyons.¹

Katherine Meuse.¹

Edna Sladen.¹

Helen Tonry.¹

Lottie Williams.¹

Jack Barnard.¹

Ralph Denbroeder.

LeRoy Whiting.¹

Chester Wright.¹

ATHENS.

Florence Nash.¹

Laura Batchelder.

Mildred Clapp.¹

Winfred Poulin.¹

FRANKLIN.

Hester Sherman.¹

Marguerite Earle.

Charles E. Kanzig.¹

J. Warren Lovell.¹

Marie B. Carter.

Archie Heffernan.¹

Burgess Spinney.¹

Roy Bruce.¹

Lewis H. Carter.¹

Minnie L. Mattson.

BICKNELL.

Eleanor Totman.¹
 Eliza R. Hunt.¹
 Almon Thayer.¹

Mary McCourt.¹
 Mary Heffernan.¹
 Jennie P. Silva.¹

JEFFERSON.

ONE YEAR.

Helen Condrick.
 Mildred Newcomb.¹
 Agnes Connell.
 Merrill Barter.

Helen J. Murray.¹
 Thomas Reid.
 Irene McLaughlin.
 Howard Whiting.¹

Raymond Condrick.

WASHINGTON.

Clark Boyle.
 Margaret Smith.
 Fred Bumpus.
 Naomi Wheaton.¹
 Charles Wheaton.

James Curtin.
 Arthur Linquist.
 Wendell Totman.¹
 Helen Stuart.¹
 Albert Ahern.¹

HUNT.

Beatrice M. Bailey.¹
 Gayton Eddy.¹
 Emily A. Vinton.
 William McCarthy.¹

Mollie Condrick.¹
 Joseph Sewall.¹
 Jessie E. Sewall.¹
 Carlton Trainer.¹

Olive Vinton.

TUFTS.

POND.

Sarah L. Allen.¹

HOLLIS.

Ernest Callahan.¹

Appendix Index IV.

CALENDAR FOR THE SCHOOL YEAR 1904.

Winter term, 12 weeks, begins January 4, 1904; ends March 25, 1904.

Spring term, 12 weeks, begins April 4, 1904; ends June 24, 1904.

Fall term, 16 weeks, begins Tuesday September 6, 1904; ends December 23, 1904.

1905.

Winter term, 12 weeks, begins January 2, 1905; ends March 24, 1905.

HOLIDAYS.

Washington's Birthday, Patriots' Day, Memorial Day, Labor Day, Weymouth Fair, Thanksgiving Day and Friday following.

Appendix Index V.

NO SCHOOL SIGNALS.

2—2—2.

At 7.30 o'clock a. m., no school in any grade during a. m.

The same signal at 8 o'clock, no school in grades 1 and 2, during a. m.

The same signal at 11.45 o'clock, no school in grades 1 and 2, during p. m.

The same signal at 12.45 o'clock p. m., no school in any grade during p. m.

VI. Graduating Exercises.

HIGH SCHOOL.

High School building, Weymouth Center, Thursday afternoon, June 18, 1903, at 2.30 o'clock.

CLASS MOTTO:

"Self Conquest is True Victory."

PROGRAM.

Music.

Invocation	Rev. L. W. Attwood
Chorus, "The Singers"	School
Salutatory Address	Somers Fraser
Address by Hon. Samuel L. Powers.	
Valedictory Address	Harold D. Allen
Chorus, "Till We Meet Again"	School
Presentation of Diplomas.	
Class Ode	Class
Benediction.	

CLASS ODE.

To-day our school life has an end,
That time so dear to every heart;
As chance companions for a time,
So we have met, so we must part.

CHORUS.

Though widely sundered we may be,
Each on his own life-work intent,
Forever more our thoughts shall turn
Toward happy days in school-time spent.

We look to-day upon the past,
Of joy and grief, of dark and fair;
We go to-morrow into life,
To meet the test that waits us there.

Our faithful teachers and our friends
We bid a sad farewell to-day,
Yet shall their memory cheer our path
Where'er through life we take our way.

LENNA ALBERTA SMITH.

Music arranged from "Maritana."

GRADUATES.

Classical.

Harold Douglas Allen.
Laura Shaw Fearing.
Somers Fraser.

Florence Estelle Smith.
Mildren Evelyn Smith.
Helen Leonora Sulis.

Latin.

May Page Allen.	Carl Reynolds.
Henry Bissell Alvord.	Kathryn Elizabeth Sheehan.
Elsie Blanchard.	Susan Gertrude Sheehan.
Caroline Agnes Donovan.	Maude Williams Sherman.
Katherine Elizabeth Fraser.	Lenna Alberta Smith.
Catherine Frances Howley.	Florence Evelyn Sulis.
Mildred Lincoln.	Jennie Theresa Sullivan.
Lottie Mable Murphy.	Mary Lydia Torrey.
Ethel Marion Wright.	

English.

Bessie Augusta Conant.	Cynthia Louise Cowing.
Philip Clinton Foster.	Edward Pratt Hunt.
Agnes Cecelia Kennedy.	John Michael Lyons.
Katherine Annastasia Melville.	

HONOR LIST.

Harold Douglas Allen.

RECEPTION OF GRADUATES, CLASS OF 1903.

PROGRAM.

Quartet, "Forget Me Not."

Caroline A. Donovan, Cynthia L. Cowing, Bessie A. Conant, Florence E. Sulis.

Class History Mildred Smith

Quartet, "The Fairies."

Class Prophecies Lottie M. Murphy, Helen L. Sulis
